

□ □ □ Few Drugs causing the following Adverse effects □ □ □

- DMLE-Natalizumab & Rituximab
- Osteogenic Sarcoma-Teriparatide
- Cardiac valvular fibrosis-Pergolide
- Pillow wet syndrome-Clozapine
- Luminous phenomena-Ivabradine
- Purple toe syndrome-Warfarin
- Monday morning headache-Nitrates
- Coronary Steal phenomena-Isoflurane & Dipyridamole
- Day time blindness-Trimethadone
- Pharyngolaryngeal paresthesia-Oxaliplatin
- Carbamazepine-cleft lip, cleft palate
- Valproic acid-neural tube defects
- Warfarin-chondrodysplasia punctata
- Lithium-Ebsteins anomaly
- Thalidomide-phocomelia
- DES-clear cell cancer
- Ut A-spontaneous abortion,
Cranio facial abnormality
- Valvular heart disease
- Vanishing bile duct syndrome - chlorpromazine
- Toxic amblyopia - ethambutol
- Fatal myocarditis -clozapine
- Idiosyncratic hepatic necrosis in infant —sodium valproate
- Pseudo porphyria — piroxicam

- ☐ Amotivational syndrome— marijuana
- ☐ Ectodermal aplasia cutis — carbimazole/methimazole in pregnancy
- ☐ Drug induced myasthenia gravis— d- penicillamine
- ☐ Salt and pepper fundus — thioridazine
- ☐ Blue halo effect — sildenafil
- ☐ Calciphylaxis — warfarin use in hemodialysis pt
- Livedo reticularis — amantadine
- ☐ DRESS ie drug related eosinophilia and systemic symptoms — allopurinol
- ☐ Pseudolymphoma syndrome — anticonvulsants
- ☐ Delayed bone marrow suppression — nitrosourea anticancer drugs
- ☐ Predisposition to listeria infection — fludarabine
- ☐ ECGS —heroin
- ☐ Peripheral neuropathy resembling motor neuron disease — dapsone
- ☐ Macular myopathy — vincristine
- ☐ Acute hepatic necrosis in pregnancy — tetracycline
- ☐ Cytokine release syndrome — muromonab cd3
- ☐ Hemorrhagic cystitis — ifosfamide
- ☐ Gray baby syndrome-Chloramphenicol
- ☐ Fanconi syndrome-Tetracyclins
- ☐ Hemolytic uremic syndrome-Mitomycin C
- ☐ Red man syndrome-Vancomycin
- ☐ Hand foot syndrome-Capecitabine
- ☐ Tumour lysis syndrome-Fludarabine
- ☐ Reye syndrome-Salicylates
- ☐ Sicca syndrome-Sulphonamides
- ☐ Mobius syndrome-Misoprostol

□ Floppy iris syndrome-Tamsulosin
