

Learning Objectives

- Muscle groups of upper limb
- Innervation of flexor, extensor compartment of arm and forearm
- Predominant nerve supply in opposition of thumb
- Lumbricals, innervation and action(Hand Grip)

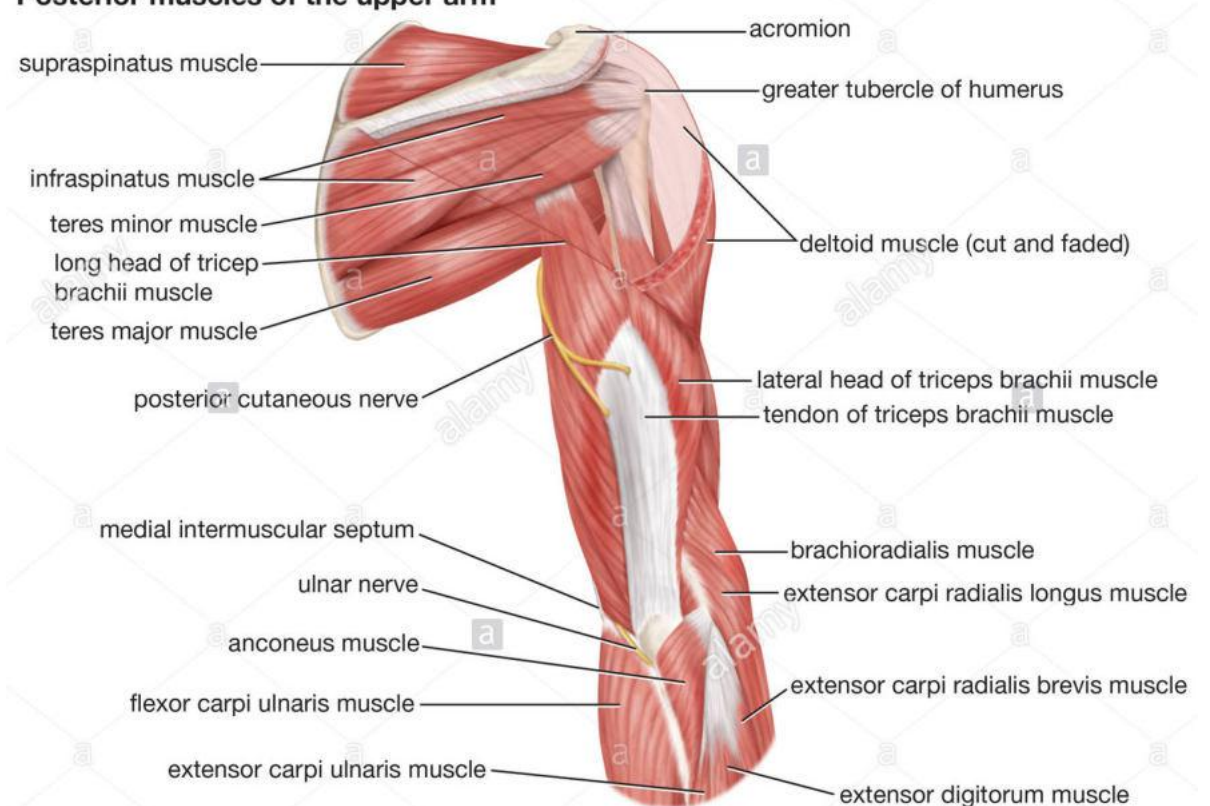

Muscles of Upper Limb

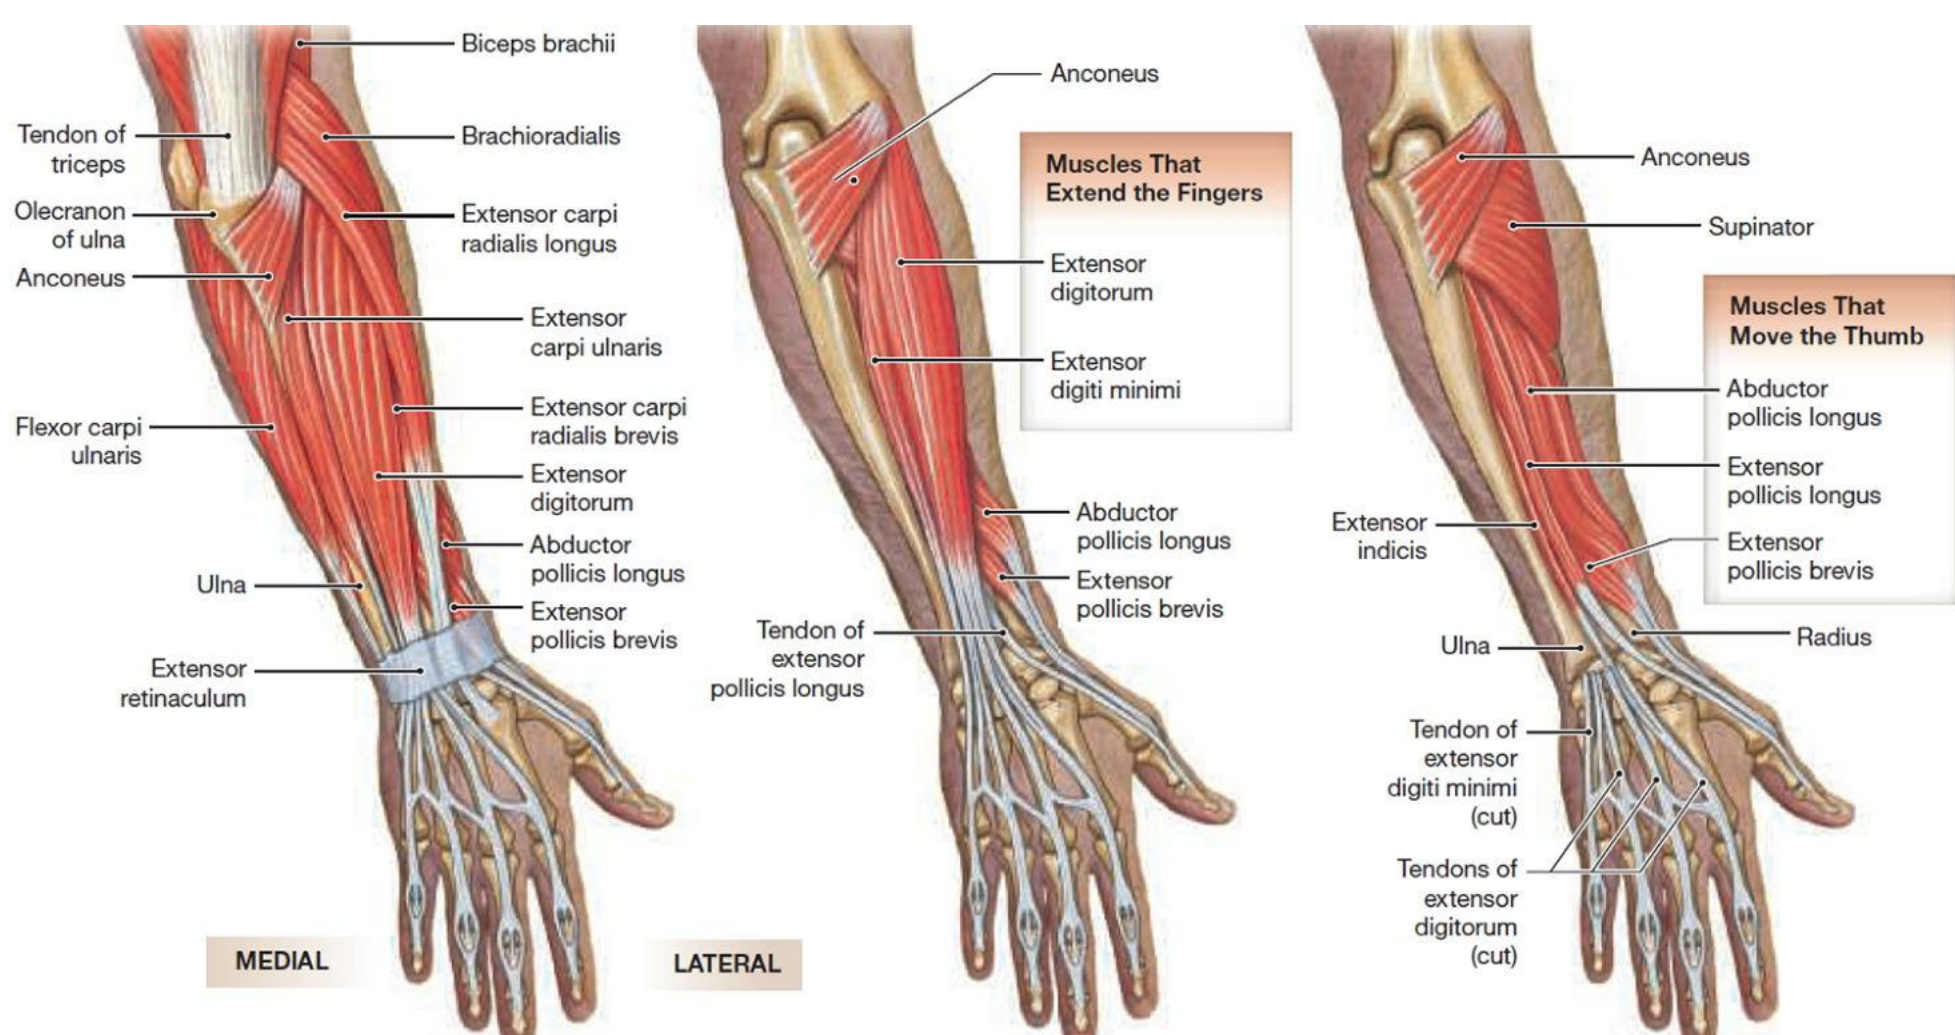

Muscles of Arm

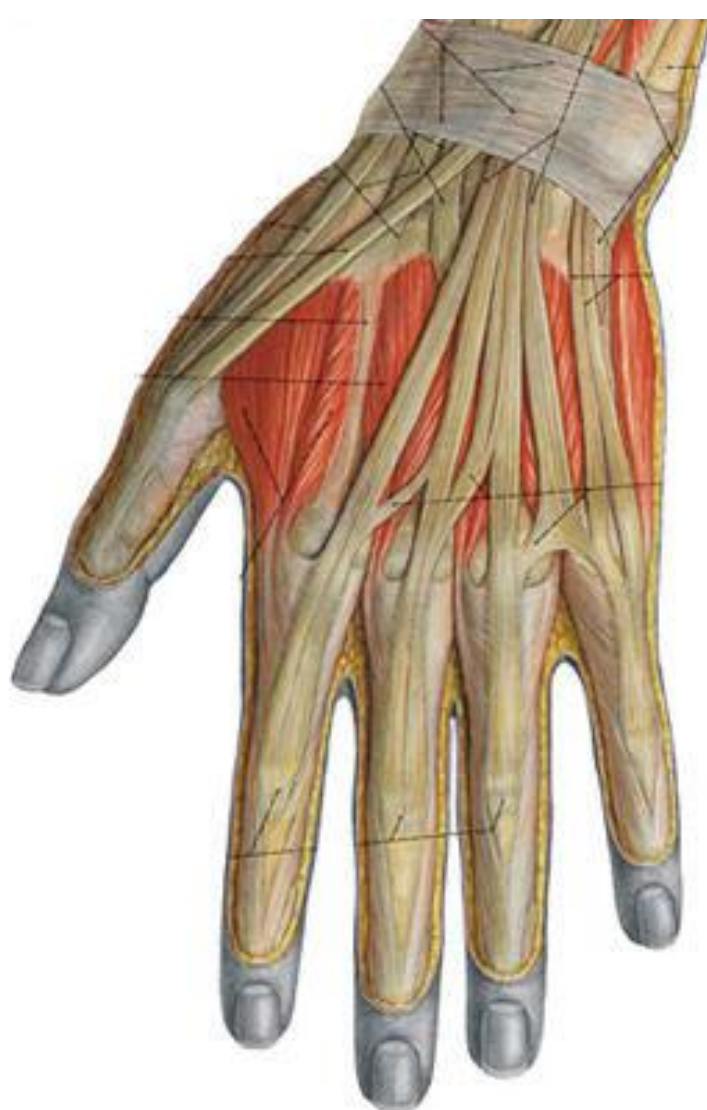

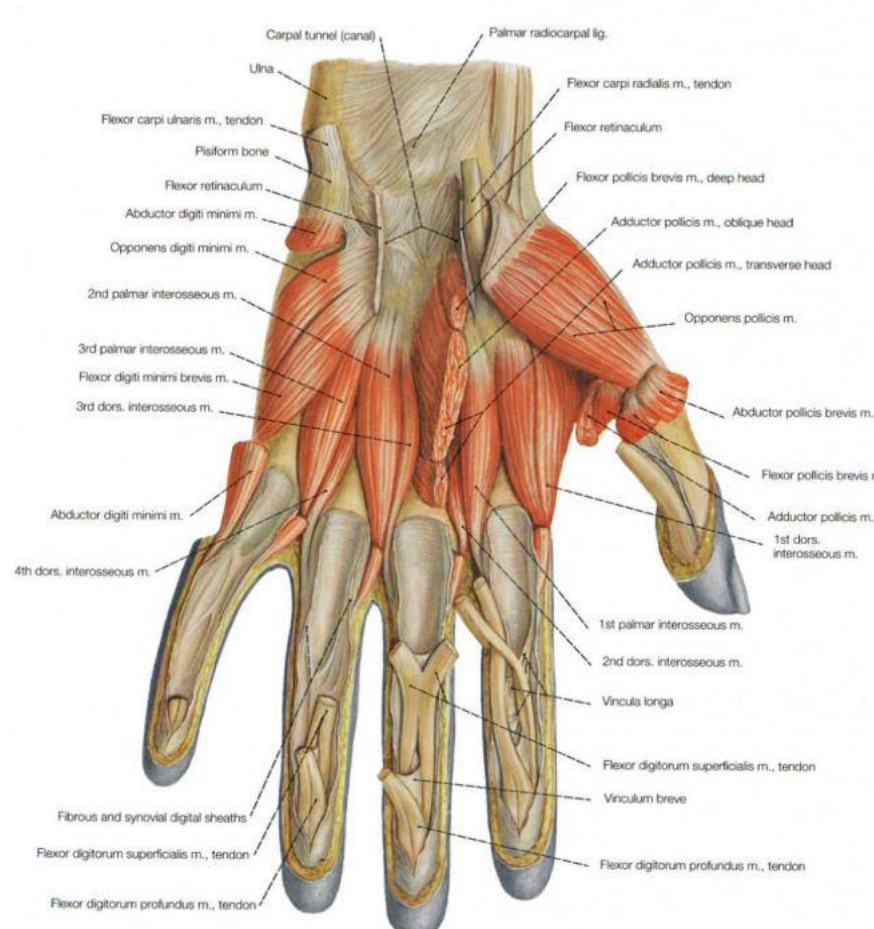

Posterior muscles of the upper arm

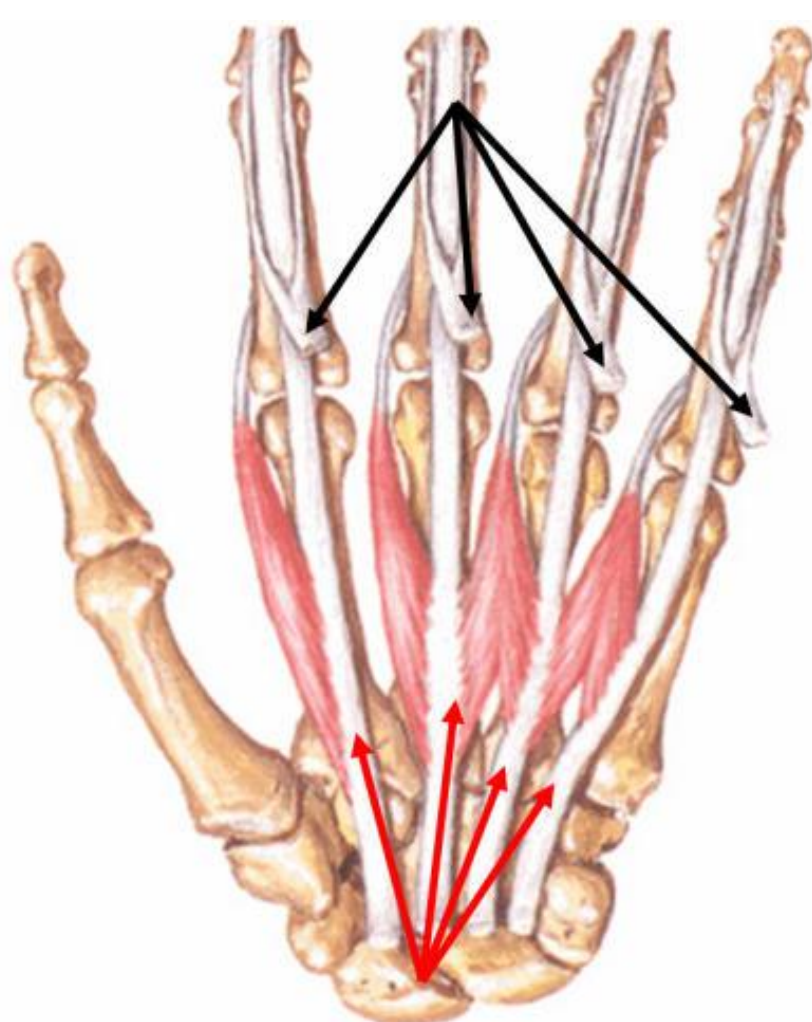

Muscles of Forearm

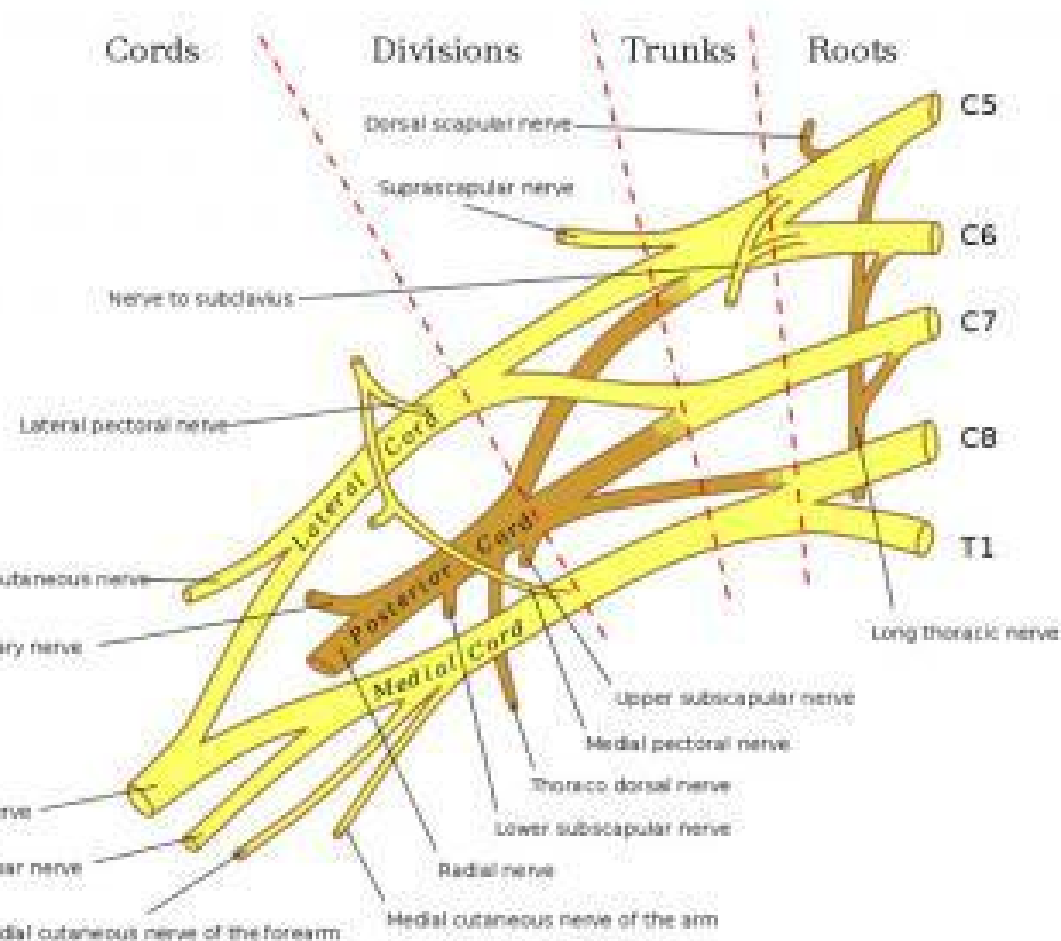

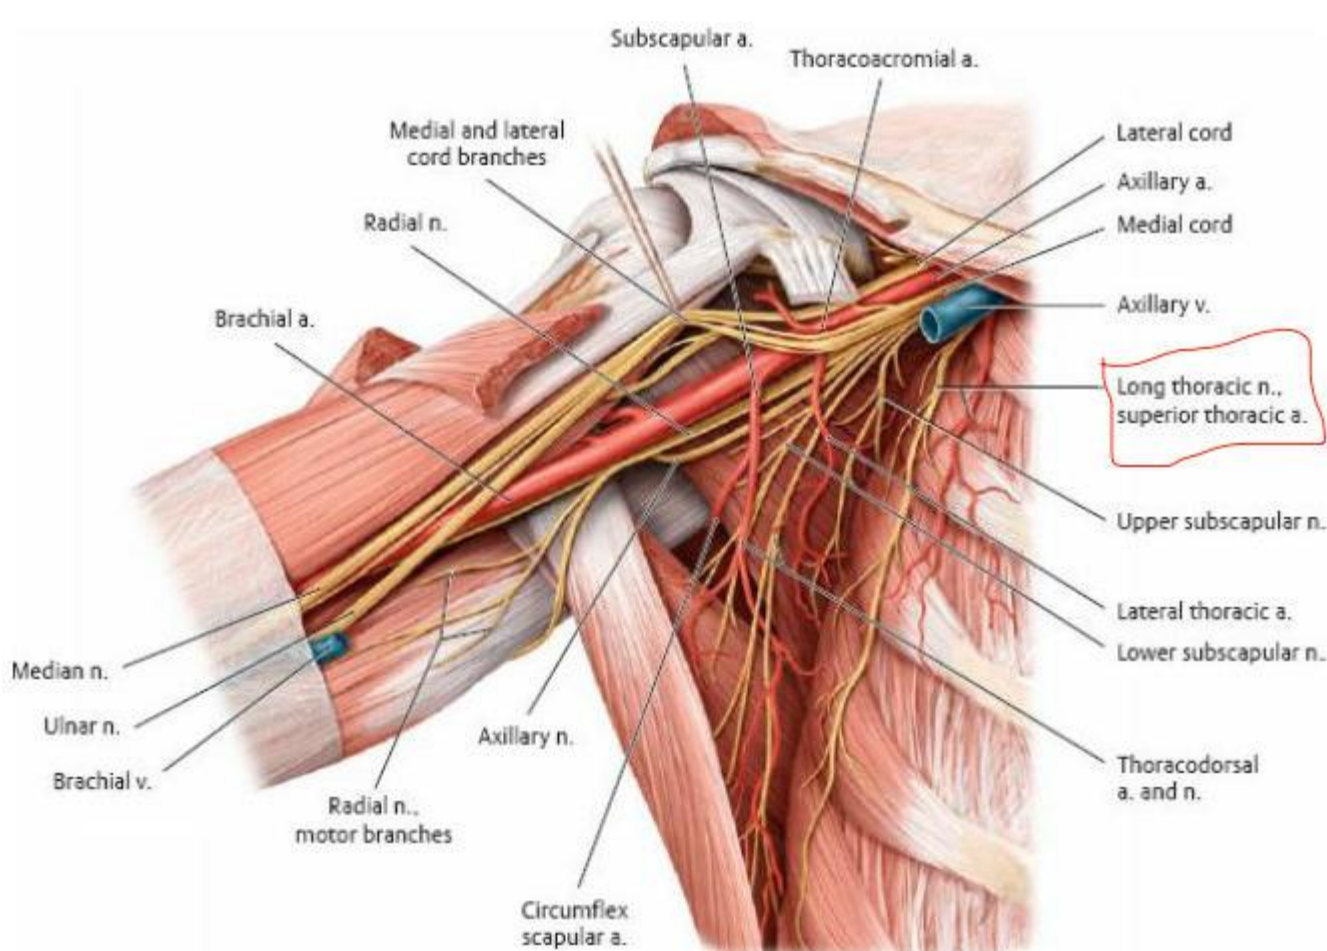

Muscles of Hand

Action Lumbricals and Hand Grip

Innervation/Nerve Supply

MCQs

Question - All extensor muscles of fore arm are supplied by

- Radial Nerve
- Ulnar Nerve
- Median Nerve
- Axillary Nerve
