

ANATOMY

LOWER LIMB

1. Gluteus muscle**
2. Long saphenous vein***
3. Ligament of hip joint*
4. Popliteal fossa*
5. Lateral planter nerve*****
6. Adductor canal***
7. Soleus
8. Locking and unlocking of knee joint*****
9. Femoral sheath**
10. Medial longitudinal arch of foot***
11. Movement of hip joint**
12. Foot drop
13. Obturator nerve
14. Genicular Anastomosis
15. Dorsalis pedis artery*
16. Femoral triangle
17. Sartorius
18. Hamstring muscle*
19. Profunda femoris artery**
20. Common peroneal nerve
21. Deep peroneal nerve
22. Venous drainage of lower limb
