Total No. of Questions: 18

BBA (2014 to 2017) (Sem.-4)
RESEARCH METHODOLOGY

Subject Code : BBA-401 M.Code : 71203

Time: 3 Hrs. Max. Marks: 60

INSTRUCTIONS TO CANDIDATES:

- SECTION-A is COMPULSORY consisting of TEN questions carrying TWO marks each.
- 2. SECTION-B consists of FOUR Sub-sections : Units-I, II, III & IV.
- 3. Each Sub-section contains TWO questions each, carrying TEN marks each.
- 4. Students have to attempt any ONE question from each Sub-section.

SECTION-A

Answer briefly:

- List different types of research.
- List factors which influence the choice of a research design.
- 3. What a nonsampling errors?
- 4. What is judgmental sampling? Why is it considered better than convenience sampling?
- 5. What is before and after experimental research design?
- What this review of literature? Discuss its role in defining the research problem.
- Discuss comparative scaling techniques.
- Differentiate between a questionnaire and a schedule.
- 9. What is cross tabulation?
- Outline guidelines for evaluating the report.

1 M - 71203 (S12) - 1000

SECTION-B

UNIT-I

- Discuss in detail the process of management research? Outline various factors which influence the research process.
- 12. Discussed in detail various types of research designs? What are various sources of experimental errors?

UNIT-II

- 13. Discuss in detail different types of probability sampling. Why is it that probability sampling is referred as compared to nonprobability sampling techniques in research methodology?
- Differentiate between the following :
 - a. Primary and secondary sources of data
 - Observation and survey methods

UNIT-III

- 15. What are different levels of measurement? Which one is considered best in terms of data analysis flexibility in research? Give examples.
- 16. Discuss different types of questions which can be asked in a questionnaire? Outline the guidelines for developing a good questionnaire?

UNIT-IV

- 17. What is the difference between data preparation an analysis? Why a researcher does needs to edit data before doing analysis? Discuss some of the common errors that a researcher looks for during data editing and preparation? Give examples.
- 18. What are different types of research reports? Discuss the format of or good research report?

NOTE: Disclosure of Identity by writing Mobile No. or Making of passing request on any page of Answer Sheet will lead to UMC against the Student.
