- Q.5** **14**
- Case Study**
- Mr. and Mrs. Basu went to Woodlands Apparel to buy a pullover. Mr. Basu did not read the price tag on the piece selected by him. At the counter, while making the payment he asked for the price. Rs. 950 was the answer. Meanwhile, Mrs. Basu, who was still shopping came back and joined her husband. She was glad that he had selected a nice black pullover for himself. She pointed out that there was 25% discount on that item. The counter person nodded in agreement. Mr. Basu was thrilled to hear that. "It means the price of this pullover is just Rs. 712. That's fantastic", said Mr. Basu. He decided to buy one more pullover in green colour. In no time, he returned with the second pullover and asked them to be packed. When he received the cash memo for payment, he was astonished to find that he had to pay Rs. 1900 and not just Rs. 1424. Mr. Basu could hardly reconcile himself to the fact that the counter person had quoted the discounted price which was Rs. 950. The original price printed on the price tag was Rs. 1266.

**Case Questions:**

- 1.) Identify the three sources of Mr. Basu's information.
- 2.) What should Mr. Basu have done to avoid misunderstanding?

**OR**

The management of a textile mill in Ahmedabad was surprised that though it insisted on a high level of education among its supervisors and junior officers (many of them were “foreign returned”) production was falling and there were many labour problems, while a rival mill which had employed local men as its supervisors and officers was doing very well. An expert in management was consulted and he reported that the chief cause of poor production and labour problems was that the Gujarati speaking workers were in awe of the English speaking officers and were very reluctant to approach them with their problems or difficulties. Also instructions given in English and broken Gujarati were not understood and there was almost a complete absence of “feedback”

Questions :

- 1) According to you which type of the communication will be efficient in this case ?
- 2) What you feel, how could this Gujarati labours can be communicated so as to remove the gaps ?
- 3) Where English and where Gujarati language can be used in the best way for the internal communication ?
- 4) What can be other ways to resolve the problems ?
