

National Testing Agency

Question Paper Name :	Ph D in Nursing 4th Oct 2020 SH
Subject Name :	Ph.D in Nursing
Creation Date :	2020-10-04 13:31:36
Duration :	180
Number of Questions :	140
Total Marks :	100
Display Marks:	Yes

Ph.D in Nursing

Group Number :	1
Group Id :	92862740
Group Maximum Duration :	0
Group Minimum Duration :	150
Show Attended Group? :	No
Edit Attended Group? :	No
Break time :	0
Group Marks :	100
Is this Group for Examiner? :	No

SECTION A RESEARCH METHODOLOGY

Section Id :	92862790
Section Number :	1
Section type :	Online
Mandatory or Optional :	Mandatory
Number of Questions :	90
Number of Questions to be attempted :	90

Section Marks : 90
Mark As Answered Required? : Yes
Sub-Section Number : 1
Sub-Section Id : 928627350
Question Shuffling Allowed : Yes

Question Number : 1 Question Id : 9286275088 Question Type : MCQ Option Shuffling : Yes Is Question Marked As Correct? : Yes
Correct Marks : 1 Wrong Marks : 0

Design that involves collection of data at one point of time is

Options :

92862719601. **Case control**

92862719602. **Longitudinal**

92862719603. **Cross-sectional**

92862719604. **Cohort**

Question Number : 2 Question Id : 9286275089 Question Type : MCQ Option Shuffling : Yes Is Question Marked As Correct? : Yes
Correct Marks : 1 Wrong Marks : 0

These are brief descriptions of events either factual or fictitious, to which respondents are asked to react.

Options :

92862719605. **Vignettes**

92862719606. Anecdotal records

92862719607. Q sorts

92862719608. Life history

Question Number : 3 Question Id : 9286275090 Question Type : MCQ Option Shuffling : Yes Is Question M
Correct Marks : 1 Wrong Marks : 0

The quantities that may assume different values are

Options :

92862719609. Concepts

92862719610. Variables

92862719611. Models

92862719612. Theory

Question Number : 4 Question Id : 9286275091 Question Type : MCQ Option Shuffling : Yes Is Question M
Correct Marks : 1 Wrong Marks : 0

A measure which determines whether a student has attained a predetermined set of ta behaviours is

Options :

92862719613. **Standardized test**

92862719614. **Norm referenced**

92862719615. **Criterion referenced**

92862719616. **Personality test**

Question Number : 5 Question Id : 9286275092 Question Type : MCQ Option Shuffling : Yes Is Question M
Correct Marks : 1 Wrong Marks : 0

Which of the following measures assess the subjects' knowledge in a specific content '

Options :

92862719617. **Bipolar**

92862719618. **Affective**

92862719619. **Psychomotor**

Cognitive

92862719620.

Question Number : 6 Question Id : 9286275093 Question Type : MCQ Option Shuffling : Yes Is Question M
Correct Marks : 1 Wrong Marks : 0

A scale that measures the meaning of concepts, having bipolar adjectives and 5-9 step

Options :

Summated rating scale

92862719621.

Semantic differential scale

92862719622.

Ratio level scale

92862719623.

Numerical rating scale

92862719624.

Question Number : 7 Question Id : 9286275094 Question Type : MCQ Option Shuffling : Yes Is Question M
Correct Marks : 1 Wrong Marks : 0

Use of multiple methods to elicit information regarding the phenomena of interest is

Options :

Triangulation

92862719625.

Reliability

92862719626.

Validity

92862719627.

Sensitivity

92862719628.

Question Number : 8 Question Id : 9286275095 Question Type : MCQ Option Shuffling : Yes Is Question Marked : No
Correct Marks : 1 Wrong Marks : 0

Ability of a test to identify cases correctly is

Options :

Sensitivity

92862719629.

Accuracy

92862719630.

Precision

92862719631.

Specificity

92862719632.

Question Number : 9 Question Id : 9286275096 Question Type : MCQ Option Shuffling : Yes Is Question Marked : No
Correct Marks : 1 Wrong Marks : 0

A survey method designed to structure group opinion and generate group consensus is

Options :

Case study

92862719633.

Delphi technique

92862719634.

Case discussion

92862719635.

Panel discussion

92862719636.

Question Number : 10 Question Id : 9286275097 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Characteristics of a good research question are all **except**

Options :

Feasible

92862719637.

Interesting

92862719638.

Novel

92862719639.

Illogical

92862719640.

Question Number : 11 Question Id : 9286275098 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

The confounding variables which may affect the outcome of study can be controlled with

Options :

92862719641. Randomization

92862719642. Pilot study

92862719643. Screening

92862719644. Validation

Question Number : 12 Question Id : 9286275099 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Research that is done to understand an event from the past is known as

Options :

92862719645. Experimental research

92862719646. Historical research

92862719647. Pre-experimental research

92862719648. Quasi-experimental research

Question Number : 13 Question Id : 9286275100 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Which of the following includes examples of quantitative variables ?

Options :

Age, Temperature, Income

92862719649.

Grade point average, Anxiety level

92862719650.

Gender, Religion, Ethnic group

92862719651.

Gender, Blood group, Religion

92862719652.

Question Number : 14 Question Id : 9286275101 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Correlation in which the study hours increase with the increase in students' s example of

Options :

Positive correlation

92862719653.

Negative correlation

92862719654.

Perfect correlation

92862719655.

No correlation

92862719656.

Question Number : 15 Question Id : 9286275102 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Which of the following correlation is the strongest ?

Options :

+ 0.10

92862719657.

- 0.95

92862719658.

+ 0.90

92862719659.

- 1.00

92862719660.

Question Number : 16 Question Id : 9286275103 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Population divided in 4 equal groups of a particular variable is

Options :

92862719661. **Percentile**

92862719662. **Quartile**

92862719663. **Decile**

92862719664. **Excile**

Question Number : 17 Question Id : 9286275104 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

In which of the following sampling methods does each population element have an equal chance of getting selected ?

Options :

92862719665. **Quota sampling**

92862719666. **Purposive sampling**

92862719667. **Simple random sampling**

92862719668. **Stratified sampling**

Question Number : 18 Question Id : 9286275105 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

A height distribution of few students in a school is an example of

Options :

92862719669. **Statistic**

92862719670. **Population**

92862719671. **Element**

92862719672. **Parameter**

Question Number : 19 Question Id : 9286275106 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

A list of questions handed over to a respondent, who reads the questions and records his answers himself is known as

Options :

92862719673. **Interview schedule**

92862719674. **Questionnaire**

Interview guide

92862719675.

Focussed group discussion

92862719676.

Question Number : 20 Question Id : 9286275107 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

All of the following are parametric tests **except**

Options :

T-test

92862719677.

ANOVA

92862719678.

Pearson's correlation coefficient

92862719679.

Mann-Whitney U test

92862719680.

Question Number : 21 Question Id : 9286275108 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Which of the following relationships is established by an experimental design ?

Options :

Linear

92862719681.

92862719682. Strong

92862719683. Weak

92862719684. Cause and effect

Question Number : 22 Question Id : 9286275109 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

The aim of experimental research is to assess the effect of

Options :

92862719685. Dependent variable

92862719686. Independent variable

92862719687. Extraneous variable

92862719688. Confounding variable

Question Number : 23 Question Id : 9286275110 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

The term that denotes the number of times the students were present in the school is known as

Options :

Intensity

92862719689.

Frequency

92862719690.

Space

92862719691.

Direction

92862719692.

Question Number : 24 Question Id : 9286275111 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

A measure of central tendency includes

Options :

Mean, Median, Mode

92862719693.

Mean, SD, Mode

92862719694.

Median, Validity, SD

92862719695.

SD, Mode, Range

92862719696.

Question Number : 25 Question Id : 9286275112 Question Type : MCQ Option Shuffling : Yes Is Question
Correct Marks : 1 Wrong Marks : 0

Information gathered by someone other than the researcher conducting the present study is

Options :

Primary data

92862719697.

Secondary data

92862719698.

Quantitative data

92862719699.

Qualitative data

92862719700.

Question Number : 26 Question Id : 9286275113 Question Type : MCQ Option Shuffling : Yes Is Question
Correct Marks : 1 Wrong Marks : 0

A variable which can interfere with the results of the study is a/an

Options :

Causal variable

92862719701.

Independent variable

92862719702.

Confounding variable

92862719703.

Dependent variable

92862719704.

Question Number : 27 Question Id : 9286275114 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

All information is required in reference **except**

Options :

Names of authors

92862719705.

Volume

92862719706.

Title

92862719707.

Price

92862719708.

Question Number : 28 Question Id : 9286275115 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

50th percentile is equivalent to

Options :

92862719709. **Median**

92862719710. **Mean**

92862719711. **Mode**

92862719712. **Range**

Question Number : 29 Question Id : 9286275116 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

In a statement 'to see the effect of foot massage on surgical pain' foot massage refers

Options :

92862719713. **Dependent variable**

92862719714. **Independent variable**

92862719715. **Nominal variable**

92862719716. **Outcome variable**

Correct Marks : 1 Wrong Marks : 0

An operational definition is

Options :

92862719717. **One that bears no relation to the underlying concept**

92862719718. **An abstract, theoretical definition of a concept**

92862719719. **A definition of a concept in terms of specific, empirical measures**

92862719720. **Textbook definition of a concept**

Question Number : 31 Question Id : 9286275118 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Scientific method that focuses on testing hypotheses developed from theories is

Options :

92862719721. **Deductive method**

92862719722. **Inductive method**

92862719723. **Hypothesis method**

92862719724. **Conductive method**

Question Number : 32 Question Id : 9286275119 Question Type : MCQ Option Shuffling : Yes Is Question
Correct Marks : 1 Wrong Marks : 0

Scientific method that focuses on generating new hypotheses and theories is

Options :

92862719725. **Deductive method**

92862719726. **Inductive method**

92862719727. **Hypothesis method**

92862719728. **Conductive method**

Question Number : 33 Question Id : 9286275120 Question Type : MCQ Option Shuffling : Yes Is Question
Correct Marks : 1 Wrong Marks : 0

**Primary purpose of research to study the factors influencing family planning services b
postpartum mothers is**

Options :

92862719729. **Exploration**

Description

92862719730.

Influence

92862719731.

Prediction

92862719732.

Question Number : 34 Question Id : 9286275121 Question Type : MCQ Option Shuffling : Yes Is Question
Correct Marks : 1 Wrong Marks : 0

A set of elements taken from a large population according to certain rules is

Options :

Sample

92862719733.

Population

92862719734.

Statistic

92862719735.

Element

92862719736.

Question Number : 35 Question Id : 9286275122 Question Type : MCQ Option Shuffling : Yes Is Question
Correct Marks : 1 Wrong Marks : 0

Mrs. Renu is writing her daily observations of a student and writes, without interpretation, that the student is not completing the classwork and is constantly speaking out of turn. Which of the following objectives does she appear to be using ?

Options :

92862719737. Prediction

92862719738. Description

92862719739. Explanation

92862719740. Exploration

Question Number : 36 Question Id : 9286275123 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

What is the problem with the given class intervals ?

1 – 5

5 – 10

10 – 15

15 – 20

Options :

92862719741. The categories are not mutually exclusive

92862719742. The categories are not exhaustive

92862719743. The categories are neither mutually exclusive nor exhaustive

92862719744. There is no problem with the above set of response categories

Question Number : 37 Question Id : 9286275124 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Which of these is **not** a method of data collection ?

Options :

92862719745. Questionnaires

92862719746. Interviews

92862719747. Experiments

92862719748. Observations

Correct Marks : 1 Wrong Marks : 0

Qualitative notes written by scientists during or after their observations are

Options :

Primary data

92862719749.

Field notes

92862719750.

Experimental data

92862719751.

Secondary data

92862719752.

Question Number : 39 Question Id : 9286275126 Question Type : MCQ Option Shuffling : Yes Is Question

Correct Marks : 1 Wrong Marks : 0

Another name of qualitative observation is

Options :

Structured study

92862719753.

Naturalistic study

92862719754.

Complete study

92862719755.

Superficial study

92862719756.

Question Number : 40 Question Id : 9286275127 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Commonly used phrase in a qualitative study is

Options :

"The control group received no instruction"

92862719757.

"Perceived pain was measured using the Abbott pain scale"

92862719758.

"The hypothesis of this study is"

92862719759.

"Subjects were asked to relate their perceptions of pain"

92862719760.

Question Number : 41 Question Id : 9286275128 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

A chain sampling, where existing study subjects recruit future subjects from among the acquaintances is called as

Options :

Snowball sampling

92862719761.

Purposive sampling

92862719762.

Quota sampling

92862719763.

Convenience sampling

92862719764.

Question Number : 42 Question Id : 9286275129 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Sampling method that allows generalization of the findings to a larger population is

Options :

Convenience sampling

92862719765.

Quota sampling

92862719766.

Purposive sampling

92862719767.

Random sampling

92862719768.

Question Number : 43 Question Id : 9286275130 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

The type of sampling in which the selected member of the population is returned to the population before the next member is selected is called

Options :

Sampling with replacement

92862719769.

Sampling without replacement

92862719770.

Simple random sampling

92862719771.

Systematic sampling

92862719772.

Question Number : 44 Question Id : 9286275131 Question Type : MCQ Option Shuffling : Yes Is Question

Correct Marks : 1 Wrong Marks : 0

Characteristic of a population is called

Options :

A parameter

92862719773.

A population

92862719774.

A statistic

92862719775.

92862719776. A datum

Question Number : 45 Question Id : 9286275132 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Which of the following will give a more “accurate” representation of the population from which a sample has been taken ?

Options :

92862719777. A large sample based on the convenience sampling technique

92862719778. A small sample based on simple random sampling

92862719779. A large sample based on simple random sampling

92862719780. A small cluster sample

Question Number : 46 Question Id : 9286275133 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

In an experimental research study, the primary goal is to isolate and identify the effect produced by the

Options :

92862719781. Dependent variable

92862719782. Extraneous variable

92862719783. Confounding variable

92862719784. Independent variable

Question Number : 47 Question Id : 9286275134 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

The different methods of simple random sampling are all **except**

Options :

92862719785. Sealed envelopes

92862719786. Table of random numbers

92862719787. Snowball technique

92862719788. Slips from a hat

Question Number : 48 Question Id : 9286275135 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

~~All of the following are experimental designs **except**~~

Options :

92862719789. One group pretest-posttest design
92862719790. Pretest-posttest control group design
92862719791. Posttest-only design with non-equivalent groups
92862719792. Phenomenological design

Question Number : 49 Question Id : 9286275136 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

A factorial design is a combination of two or more

Options :

92862719793. Research designs
92862719794. Research measurements
92862719795. Dependent variables
92862719796. Independent variables

Question Number : 50 Question Id : 9286275137 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

The best technique used to control confounding variables in a research study is

Options :

Random assignment

92862719797.

Matching

92862719798.

Counterbalancing

92862719799.

Mixed matching

92862719800.

Question Number : 51 Question Id : 9286275138 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Cognitive domain in Bloom's Taxonomy includes all the following **except**

Options :

Evaluation

92862719801.

Synthesis

92862719802.

Analysis

92862719803.

92862719804. Criticism

Question Number : 52 Question Id : 9286275139 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Which of the following is a Socratic method of teaching ?

Options :

92862719805. Lecture

92862719806. Film

92862719807. Exhibition

92862719808. Panel discussion

Question Number : 53 Question Id : 9286275140 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Eye contact and facial expressions are the examples of

Options :

92862719809. Verbal communication

92862719810. Non-verbal communication

92862719811. Lateral communication

92862719812. Physical communication

Question Number : 54 Question Id : 9286275141 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

Which of the following is an example of non-therapeutic communication ?

Options :

92862719813. Using silence

92862719814. Using open-ended questions

92862719815. Reflecting

92862719816. Judgemental responses

Question Number : 55 Question Id : 9286275142 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

The components of specific objectives are

Options :

92862719817. Act, content, condition and criteria

92862719818. Act, subject, feasibility and standard

92862719819. Task, act, plan and condition

92862719820. Plan, criteria, subject and content

Question Number : 56 Question Id : 9286275143 Question Type : MCQ Option Shuffling : Yes Is Question Correct Marks : 1 Wrong Marks : 0

The three domains in which a professional task can be classified are

Options :

92862719821. Receptivity, Imitation and Control

92862719822. Knowledge, Attitude and Skill

92862719823. Application, Analysis and Evaluation

92862719824. Interpretation, Imitation and Control
