FIRST YEAR P.B.B.Sc (NURSING) EXAM
Paper VIII – MEDICAL & SURGICAL NURSING

Time: Three hours (180 Min) Answer ALL questions in the same order. I. Elaborate on: Pages Time Marks (Max.) (Max.) (Max.) 1. Mr. Ramachandran 48 year old man, sustained road traffic accident and was admitted in the emergency with head injury. a) Write the mechanisms of head injury. b) Explain the medical management. c) Discuss the nursing management during the first 48 hours. 2. Mrs. Chandra 50 year old lady is admitted in the renal ward with the diagnosis of chronic renal failure. b) Explain the pathophysiology. c) Discuss the nursing management for Mrs. Chandra. II. Write Notes on: 1. Amputation 3 8 5 2. Emergency management of burns 3 8 5 3. Pulmonary oedema 4. Hydatidiform mole. 3 8 5 5. Glasgow's coma scale. 3 8 5 6. Otitis media. 3 8 5 6. Otitis media. 3 8 5 7. Rheumatic Fever 3 8 5 8. Chest Drainage 3 8 5 8. Chest Drainage 4 5 8. Chest Drainage 5 9 III. Short Answer on: 1. List four complications of chemotherapy. 1 5 2 2. List four complications of burns. 1 5 2 3. Write any four complications of burns. 1 5 2 4. List four precautions taken by a nurse when administering blood products. 1 5 2 5. Define Atelectasis. 1 5 2 6. Write four nursing measures after organophosphorous poisoning. 1 5 2 7. Classify the four types of hypertension. 1 5 2 9. Write the four types of menstrual disorders. 1 5 2 9. Write the four types of menstrual disorders. 1 5 2 9. Write the four types of menstrual disorders. 1 5 2 9. Write the four mastectomy exercises. 1 5 5 2 9. Write the four types of menstrual disorders. 1 5 5 2 9. Write the four mastectomy exercises. 1 5 5 2 9. Write the four types of menstrual disorders. 1 5 5 2 9. Write the four types of menstrual disorders. 1 5 5 2 9. Write the four types of menstrual disorders. 1 5 5 2 9. Write the four types of menstrual disorders. 1 5 5 2	Q.P. Code: 684889	MDI (G		
1. Blaborate on: Pages Time Marks (Max.)	~	Maximun	n : 100	marks
I. Mr. Ramachandran 48 year old man, sustained road traffic accident and was admitted in the emergency with head injury. a) Write the mechanisms of head injury. b) Explain the medical management. c) Discuss the nursing management during the first 48 hours. 2. Mrs. Chandra 50 year old lady is admitted in the renal ward with the diagnosis of chronic renal failure. a) List the causes of renal failure. b) Explain the pathophysiology. c) Discuss the nursing management for Mrs. Chandra. II. Write Notes on: 1. Amputation 2. Emergency management of burns. 3. Pulmonary oedema. 3. Pulmonary oedema. 4. Hydatidiform mole. 5. Glasgow's coma scale. 6. Otitis media. 7. Rheumatic Fever 8. Chest Drainage 8. Chest Drainage 11. List four clinical signs of pulmonary tuberculosis. 2. List four complications of chemotherapy. 3. Write any four complications of burns. 4. List four precautions taken by a nurse when administering blood products. 5. Define Atelectasis. 6. Write four types of hypertension. 8. List the two causes of urinary incontinence. 9. Write the four types of myestrasion. 9. Write the four types of menstrual disorders. 1. State four mastectomy exercises.				
1.
