

Subject: Streeroga and Prasutitantra

Paper II – Streeroga

PART - A: 10 MARKS QUESTIONS

Sr. No. Question

POINT ARTAVA VYAPADA

1. Describe *Artavakshaya Lakshanas & Chikitsa* and its possible correlation with modern science.
2. Describe *Artavavridhi Lakshanas* and its *Chikitsa* and its possible correlation with modern science.
3. Explain *Ashtartavadushti Lakshanas* and *Chikitsa* according to Acharya Sushrut.
4. Describe *Asrigdara Nidana, Lakshanas* and *Samprapti*.
5. Explain classification of *Asrigdara* and its treatment in detail.
6. Describe types of amenorrhoea with its diagnostic method.
7. Describe *Asrigdara Samprapti & Lakshanas* and its possible correlation with modern science.
8. Write definition of Dysmenorrhoea, causes, types and treatment of the same.
9. Write classification of *Artavadushti* and its *Lakshanas* according to Acharya Sushrut.
10. Explain causes and complications of Abnormal uterine bleeding.
11. Define primary amenorrhoea with its causes and treatment.
12. List the *Sadhya Artavadushti*, causes, types and treatment of the same.
13. Describe *Nashtartava* with its causes and treatment.

POINT YONIVYAPADA

14. List the *Asadhya Yonivyapadas* according to Acharya Sushrut. Write their *Lakshanas* in detail.
15. List the *Vataja Yonivyapada* according to Acharya Sushrut. Write their *Nidanas* and possible correlation with modern science.
16. List the *Pittaja Yonivyapada* according to Acharya Sushrut. Write their clinical features and *Nidanas*.
17. List the *Shlaishmika Yonivyapada* according to Acharya Sushrut. Write their *Lakshanas* and possible correlation with modern science.
18. List *Vinshati Yonivyapada* according to Acharya Sushrut. Explain their *Samanya Nidanas* and *Upadravas* in detail.

19. Write the causes, symptoms, investigations and treatment of *Acharana Yonivyapada*.
20. Describe the causes, symptoms, investigations and treatment of *Kaphaja Yonivyapada*.
21. Mention the causes, symptoms, investigations and treatment of *Udavarta Yonivyapada*.
22. Write the causes, symptoms, investigations and treatment of *Asruja Yonivyapada*.
23. Explain *Arajaska Yonivyapada* with its causes, symptoms, investigations and treatment.
24. Which are the causes, symptoms, investigations and treatment of *Paripluta Yonivyapada*? Explain in detail.
25. Write the causes, symptoms, investigations and treatment as well as possible modern correlation of *Vataja Yonivyapada*.
26. Explain the causes, symptoms, investigations and treatment as well as possible modern correlation of *Pittaja Yonivyapada*.
27. Explain the causes, symptoms, investigations and treatment of *Putraghni Yonivyapada* as per Ayurved and modern science.
28. Describe the causes, symptoms, investigations and treatment of *Maha Yonivyapada* as per Ayurved and modern science.
29. Write the causes, symptoms and treatment of *Suchimukhi* and *Antarmukhi Yonivyapada*.
30. Describe *Suchimukhi Yonivyapada* and its management as per modern science.
31. Describe the causes, symptoms and treatment of *Phalini* and *Prasramsini Yonivyapada*.
32. What is *Prasramsini Yonivyapada*? Describe its causative factors and complications as per Ayurved and modern science.
33. Describe clinical presentation of cervical erosion and explain its Ayurvedic treatment in detail.
34. Define PID? Describe its causes, classification and symptoms.
35. Discuss *Garbhashaya Arbuda* according to Ayurved and modern science in detail.

POINT VANDHYATVA, YONIKANDA, YONIARSHA, GRANTHI, ARBUDA

36. Define *Vandhyatva*. Write its causes and investigations.
37. Describe classification *Vandhyatva* and detail description of secondary infertility .
38. Explain diagnostic tools for *Stree-Purusha Vandhyatva*.
39. Describe causes, investigation and treatment of *Stri Vandhyatva* as per Ayurved and modern concept.
40. Mention the causes of *Vandhyatva*, write the symptoms and treatment of *Kakavandhya*.
41. Describe the cause and treatment of *Stree-Purusha Vandhyatva*.
42. Define *Vandhyatva*. Write causes, investigations and treatment of tubal blockage.

43. Describe the ovarian factors responsible for infertility in detail.
44. Write types with symptoms and treatment of *Yonikanda* in detail.
45. Describe secondary infertility as per Ayurved and modern science in detail.
46. Write types with symptoms and treatment of *Yoniarsha* in detail.
47. Provide detail description of “*Granthi*” in Streeroga.
48. Describe *Nidana*, *Samprapti* and *Chikitsa* of *Yonikanda* in detail.
49. Give difference between *Granthi* and *Arbuda*. Write uterine fibroid in detail.
50. In female genital organs which type of cysts can be correlated with *Granthi*? Give short description of each.

POINT MENOPAUSE

51. Write definition of Menopause and explain menopausal symptoms in detail.
52. What is HRT? Write the symptoms and treatment of menopause.
53. Describe diagnostic tools for menopause and its management.
54. Define *Rajonivrutti*. Give detail description of *Rajonivrittijanya Lakshanas*.
55. Describe in details of changes in female body during menopause.

PAPER 2- PART B

POINT STANA ROGA

56. Write the *Nidana*, *Lakshana* and *Chikitsa* of *Stanavidradhi* which is given by Acharya Sushrut.
57. Write the causes, symptoms and treatment of *Stanakilaka*.
58. What is mastitis? Write the symptoms and treatment of breast abscess.
59. Write the causes, symptoms and treatment of *Stanashotha*.
60. Write causes and symptoms of Breast abscess and its treatment in detail.
61. How to prevent *Stanaroga*? Give its diagnostic tools as per modern science.

POINT STHANIKA CHIKITSA

62. Describe indications, contraindications and method of *Uttarabasti* with its *Poorvakarma*, *Pradhanakarma* and *Paschatakarma*.
63. Describe complications, *Pathyapathya* and procedure of *Uttarabasti*.
64. Write the indications of *Yonivarti* and give any two *Varti* preparation with method of insertion.
65. Write indications, contraindications and procedure of *Yoniprakshalana*.
66. Write method of *Dahanakarma* followed by its indications in *Streeroga*.
67. In which condition *Agnikarma* can be done in Streeroga? Describe its *Poorvakarma*, *Pradhanakarma* and *Paschatakarma*.

68. Define *Uttarabasti*. Write its indications and probable mode of action.
69. List the local treatment of *Yonivyapada*. Give detail description of any one.
70. Describe any two *Sthanika Chikitsa* in *Streeroga* in detail.
71. Write the method of *Garbhashayagrivagat Vrana Dahanakarma*.
72. Write *Dahanakarma* in detail.

POINT SHASHTRA KARMA

73. Explain D&C? Write the indications and procedure for the same.
74. Write the indications, procedure and complications of the cervical cauterization.
75. Write the indications and procedure of PAP smear.
76. Write the procedure of tubal ligations.
77. Write the operative procedure of female sterilization.
78. What is EB? Write the indications and procedure of EB.
79. Describe types of *Garbha Nirodhaka Upaya* in detail.
80. What is IUCD? Describe the procedure of its insertion.
81. Mention different methods of tubal ligation in detail.
82. Explain female surgical sterilization in detail.
83. What is PC-PNDT Act? Write your opinion about *Pumsavana Karma* for attainment of better of spring.
84. Describe cervical cauterization in detail.
85. Describe contraceptives in detail.

STREEROGA - PAPER 2:

PART - A: 05 MARKS QUESTIONS

Sr. No. Question

POINT ARTAVA VYAPADA etc.

1. How many types of *Artavadushti* has been given in classics? Write the treatment of *Artavakshaya*.
2. List *Asadhya Ashtartavdushti* and write causes and symptoms of any one.
3. Mention *Vataja Artavadushti* in detail.
4. Write *Vataja Pittaja Kaphaja Artavadushti Lakshanas*.
5. Note *Sadhyasadhyata* of *Ashtartavdushti* according to Acharya sushrut.
6. Describe *Asrigdara Samprapti* and *Chikitsa*.
7. Mention *Asrigdara Samanya Lakshanas*.

8. Mention *Kshina Artavadushti Lakshanas* and its possible correlation with modern.
9. Mention *Mutrapurishgandhi Artavadushti Lakshanas* and its possible correlation with modern.
10. Mention *Putipuya Artavadushti* and its possible correlation with modern.
11. Mention *Raktaja Artavadushti* and its possible correlation with modern.
12. Write *Artavakshaya Lakshanas* and its possible modern correlation.
13. Describe Causes of Amenorrhoea.
14. Write classification of Amenorrhoea with its causes.
15. Describe Primary Amenorrhoea with its causes.
16. Define Dysmenorrhoea and its treatment.
17. Write causes of Abnormal Uterine Bleeding.
18. List the investigations of Amenorrhoea?
19. Write the *Chikitsa* and *Pathyapathya* of *Asrigdara*?
20. Write the *Chikitsa* and *Pathyapathya* of *Anartava*?
21. Write *Asadhya Artavadushti* as per Acharya Sushrut with their specific *Lakshanas*.
22. Write *Ekadoshaja Artavadushti* with their causes and symptoms.
23. Define *Dwidoshaja Artavadushti* with their causes and symptoms.
24. Explain the verse: -----प्रजोत्पादने न समर्था भवन्ति।
25. Explain the verse: -----यथोचितकालादर्शनमल्पता वा योनिवेदना च।
26. Explain the verse: दोषैरावृतमार्गत्वादार्तवमनश्यति स्त्रियाः।
27. Explain the verse: रजःप्रदीर्यते यस्मात्-----।
28. Explain the verse: पाण्डुरे प्रदरे इति-----।

POINT YONIVYAPADA

29. List the *Sannipatika Yonivyapada* according to Acharya Susruta and write the clinical features of *Shandhi Yonivyapada*.
30. Write the causative factors and complications of *Yonivyapadas*.
31. Write the causes, symptoms and treatment of *Vataja Yonivyapada*.
32. Explain the verse: स्तम्भं पिपीलिकासृप्तिमिव कर्कशतां तथा ।
करोति सुप्तिमायासं वातजांश्चापरान् गदान् ॥
33. Explain the verse: दाहपाकज्वरोष्णार्ता नीलपीतासितार्तवा ।
भृशोष्णकुणपस्रावा योनिः स्यात् ----- ॥
34. Explain the verse: -----पाण्डुवर्णा तथा पाण्डुपिच्छिन्ना र्त्तववाहिनीम् ।
35. Explain the verse: -----अतिप्रवर्तते योन्यां लब्धे गर्भेऽपि सासृजा ॥
36. Explain the verse: योनिगर्भाशयस्थं चेत् पित्तं सन्दूषयेदसृक् ।

37. Explain the verse:काश्यवैवर्ण्यजननी भृ शम् ।।
38. Explain the verse: योन्यामधावनात् कण्डूं जाताः कुर्वन्ति जन्तवः ।
39. Explain the verse: पवनोऽतिव्यवायेन शोफसुप्तिरुजः स्त्रियाः ।
40. Explain the verse: मैथुनादतिबालायाः।
रुजन् दूषयते योनिं वायुः प्राक्चरणा हि सा ।।
41. Explain the verse: पाण्डुं सतोदमास्रावं श्वेतं स्रवति वा कफम् ।-----
42. Explain the verse: शूना स्पर्शाक्षमा सार्ति नीलपीतमसृक् सवेत् ।
श्रोणिवङ्क्षणपृष्ठार्ति ज्वरार्ताया -----।।
43. Explain the verse: आर्तवे सा विमुक्ते तु तत्क्षणं लभते सुखम् ।
44. Explain the verse: कर्णिकां जनयेद्योनौ श्लेष्मरक्तेन मूर्च्छितः ।।
45. Explain the verse: रौक्ष्याद्वायुर्यदा गर्भं जातं जातं विनाशयेत् ।
दुष्टशोणितजं नार्याः-----मता ।।
46. Explain the verse: कुर्याद्विण्मूत्रसङ्गार्ति शोषं योनिमुखस्य च ।
47. Explain the verse: षडहात् -----गतम् ।
सरुजं नीरुजं वाऽपि या स्रवेत् सा -----।।
48. Explain the verse: बीजदोषात्तु गर्भस्थमारुतोपहताशया ।
-----स्यादनुपक्रमा ।।
49. Explain the verse: असंवृतमुखी सार्ती रुक्षफेनास्रवाहिनी ।
50. Explain the verse: स्निग्धस्विन्नां तथा योनिं दुःस्थितां स्थापयेत्पुनः ।
51. Explain the verse: पाणिना नामयेज्जिह्मां संवृतां वर्धयेत् पुनः ।
52. Explain the verse: प्रवेशयेन्निःसृतां च विवृतां परिवर्तयेत् ।
53. Explain the verse: सदाहं ----- लोहितक्षरा ।
54. Explain the verse: सवातमुद्गिरेद्बीजं -----रजसा युतम् ।
55. Explain the verse: -----स्यन्दते तु क्षोभिता दुःप्रसूशया ।
56. Explain the verse: स्थितं स्थितं हन्ति गर्भं -----रक्तसंस्रवात् ।
57. Explain the verse: अनार्तवस्तना -----खरस्पर्शा च मैथुने ।
58. Write the clinical features of endometriosis. Can we correlated with which *Yonivyapada*?
59. Write cardinal features of Uterine fibroid and discuss its diagnostic tools?
60. Write the Ayurvedic treatment of cervical erosion.
61. What is acute retroverted uterus? Write its symptoms?
62. Explain the causes of PID.
63. Write classification of genital prolapse.

POINT VANDHYATVA, YONIKANDA, YONIARSHA, GRANTHI, ARBUDA

64. Write *Samanya Nidanas* of *Vandhyatva* in detail.
65. Describe female causative factors of *Vandhyatva*.
66. Write the investigation of *Stri-Vandhyatva*.
67. Describe classification of *Vandhyatva* according to Acharya Harita.
68. Difference between *Vandhya Yonivyapada* and *Vandhyatva*.
69. Describe *Chikitsa* of *Vandhyatva* according to Ayurved.
70. Write the investigations of anovulation.
71. Define diagnostic method of Tubal Blockage with its complications and management?
72. Describe diagnostic methods of ovulation.
73. Write the contraindication of HSG.
74. Which are the investigation for male infertility?
75. How can USG help in the cases of infertility?
76. Write ingredients of *Panchavalkala Kwatha* and in which *Yonivyapadas* it is indicated?
77. Write hormonal assessment in infertility.
78. Write factors responsible for tubal blockage.
79. Write factors responsible for Anovulation.
80. List the types of infertility as per modern science, discuss the *Pathyaphthya* for infertile couple.
81. Write factors responsible for PCOD.
82. Write Normal semen analysis report.
83. Define PCOD with its causes and *Pathyapathya*.
84. Write investigations for ovarian factor in female infertility.
85. Define *Kakavandhya* with its causes.
86. Define *Yonikanda* with its treatment.
87. Define *Yoniarsha* with its treatment.
88. Define *Granthi* in Streeroga with its treatment.
89. Define *Arbuda* in Streeroga with its treatment..
90. What is STD? Describe its complications.
91. List the spreading methods of HIV /AIDS.
92. Describe preventive measures for HIV /AIDS.
93. Write causes and treatment of Bartholin's abscess.
94. What is cervicitis? Describe its clinical presentation with causes.
95. Explain the verse: -----ते तु योनिमुपघ्नन्त्यार्तवंच।
96. Explain the verse: पूयशोगितसंकाशं निकुचाकृतिसन्निभम् । जनयन्ति यदा योनौ-----
97. Explain the verse: वृत्तोन्नतं विग्रथितं तु शोफं, कुर्वन्ति यतो -----।
98. Explain the verse: वृत्तं स्थिरं मन्दरुजं महान्तमनल्पमूलं चिरवृद्धि अपाकम्

POINT MENOPAUSE

99. Mention *Rajonivritti Kala* and symptoms.
100. Ayurvedic management of *Rajonivrittijanya Lakshanas*.
101. Define menopause. List the menopausal syndrome.
102. Write benefits and risks of HRT.
103. List the menopausal changes in genito-urinary tract.
104. Write the management of menopause.
105. Explain menopause with its psychological symptoms and write Ayurvedic treatment for the same.
106. Define menopause. List vasomotor symptoms for the same.
107. Write *Ahara-Vihara* of menopause.
108. Write *Pathyapathya* of menopause.
109. Explain the verse: -----याति पञ्चाशतः क्षयम्

POINT DESIRABLE TOPICS (NON DETAIL)

110. Describe congenital malformation of vagina.
111. Define Imperforate hymen and its management.
112. List types of malformations of the Mullerian ducts by figures only.
113. Describe classification of uterine anomalies.
114. Mention complications of malformations of uterus.
115. Mention *Shukra Kshaya Vriddhi Lakshanas* with treatment.
116. Describe *Shukradushti Nidana*.
117. Write *Shukradushti Chikitsa*.
118. Write normal semenogram.

PAPER 2- PART B**POINT STANA ROGA**

119. Write *Nidana, Lakshana* and *Chikitsa* of *Abhighataja Stana Vidradhi*.
120. Describe *Stana Vidradhi Chikitsa*.
121. Explain the treatment of breast abscess.
122. Describe *Stanakilaka* with its *Lakshana* and *Nidana*.
123. Write *Stanakilaka Chikitsa*.
124. Explain the difference between *Stanakilaka* and *Stanarbuda*.
125. Write the treatment of *Stanashotha*.
126. Define *Stana Granthi* with its causative factors.

127. Describe *Kaphaja Stanavidhradhi* and its possible correlation with modern.
128. Define galactoceles with its causes and treatment.
129. Explain preventive care of *Stanaroga*.
130. Why *Sutika Stree* is more prone to *Stanarogas*?
131. Explain the verse: -----रक्तं मांसञ्च सन्दूष्य स्तनरोगाय कल्पते॥
132. Explain the verse: -----कीलवत् कठिनोऽङ्गेषु बाधमानो हि तिष्ठति।

POINT STHANIKA CHIKITSA

133. Write the indications and method of *Yoniprakshalana*.
134. Write the indications and method of *Yonipichu*.
135. Write the indications of *Snehana* & *Swedana* in *Streeroga*.
136. Write the indications and contraindications of *Uttarabasti*.
137. Describe method of *Uttarabasti*.
138. Describe complications of *Uttarabasti* and its management.
139. Describe procedure of *Yonidhupana* and its indications.
140. Explain method of *Yonilepana* with its indications.
141. Describe method of *Varti* insertion in *Yoni*.
142. Describe procedure of *Dahanakarma* (*Agnikarma*) for *Streeroga*.
143. Describe procedure of *Ksharakarma* for *Streeroga*.
144. In which *Yonivyapadas* *Uttarabasti* can be used?
145. In which gynecological diseases *Yoniprakshalana* can be used? List any five name of *Yogas*.
146. In which gynecological diseases *Yonipichu* can be used? ? List any five name of *Yogas*.
147. In which gynecological diseases *Uttarabasti* can be used? List any five name of *Yogas*.
148. Mention any one *Yoga* which can be used in *Yoniprakshalana* with its probable mode of action.
149. Mention any one *Yoga* which can be used in *Yonipichu* with its probable mode of action.
150. Mention any one *Yoga* which can be used in *Yonipichu* with its probable mode of action.

POINT SHASHTRA KARMA

151. List the equipments of PAP smear.
152. Write the complications of D&C.
153. Write the interpretation of PAP smear report.
154. Write the interpretation of endometrial biopsy report.
155. Write the indications of D&C.

156. Write the indications and complications of the cervical cauterization.
157. List the equipments used in D&C.
158. Describe method of D&C.
159. Describe method of cervical cauterization.
160. Define endometrial biopsy with its method.
161. Define PAP smear with its method.

POINT STREEROGA SAMBANDHITA PRAMUKHA AUSHADHI:

162. Describe any two Ayurvedic medicine useful in *Sutika* with their *Matra*, *Kala*, *Anupana*.
163. Mention *Matra*, *Kala* and *Anupana* of any two *Yoga* which can be used in *Artavavridhi*.
164. Mention *Matra*, *Kala*, *Anupana* and ingredients of *Rajah Pravartini Vati*.
165. Mention *Matra*, *Kala*, *Anupana* and ingredients of *Pushyanuga Choorna*.
166. Mention *Matra*, *Kala*, *Anupana* and ingredients of *Phalaghrita*.
167. Mention *Matra*, *Kala*, *Anupana* and ingredients of *Kumaryasava*.
168. Mention *Matra*, *Kala*, *Anupana* and ingredients of *Dashamoola Kwatha*.
169. Describe *Garbhapala Rasa* with their *Matra*, *Kala*, *Anupana* and ingredients.
170. Describe *Kanyalauhadi Vati* with their *Matra*, *Kala*, *Anupana* and ingredients.
171. Describe *Chandraprabhavati* with their *Matra*, *Kala*, *Anupana* and ingredients.
172. Describe *Mushakadi Taila* with their *Matra*, *Kala*, *Anupana* and ingredients.
173. Write *Matra*, *Kala*, *Anupana* and ingredients of *Bala Taila*.
174. Write *Matra*, *Kala*, *Anupana* and ingredients of *Ashokarishta*.
175. Explain *Devadarvyadi Kwatha* with their *Matra*, *Kala*, *Anupana* and ingredients.
176. Explain *Shonitargala Rasa* with their *Matra*, *Kala*, *Anupana* and ingredients.
177. Describe *Dashamoolarishta* with their *Matra*, *Kala*, *Anupana* and ingredients.
178. Describe *Jatyadi Taila* with their *Matra*, *Kala*, *Anupana* and ingredients.
179. Mention *Matra*, *Kala* and *Anupana* of any two *Yoga* which can be used in infertility.
180. Write any two *Yoga* which can be used in *Artavadushti* with their *Matra*, *Kala* and *Anupana*.
181. Write any two *Yoga* which can be used in *Yonikandu* with their *Matra*, *Kala* and *Anupana*.
182. Mention *Matra*, *Kala* and *Anupana* of any two *Yoga* which can be used in *Artavakshaya*.

POINT Garbhanirodhaka Upaya:

Parivar Niyojana, Reproductive and Child Health Care (RCH), AIDS/HIV control Programme, PNDT Act, MTP Act, and importance of current National Programme

183. What is barrier method of contraception? Give the classification and benefits of the same.
184. Discuss the MTP Act.
185. Write about family welfare planning
186. List methods of *Strivandhyatvikarana*.
187. Discuss the PNDT Act.
188. Describe benefits and disadvantages of condom.
189. Discuss AIDS awareness programme.
190. Discuss the MTP Act.
191. Give introduction of MCH programme with its importance to society.
192. Give introduction of RCH programme with its importance to society.

POINT Knowledge of important commonly used Ayurvedic and essential Allopathic drugs used in Prasuti Tantra and Stree Roga.

193. Describe any one allopathic medicine useful in labour with their dose, indication, contraindication, route of administration and complications.
194. Describe any one allopathic medicine useful in *Asrigdara* with their dose, indication, contraindication, route of administration and complications.
195. Describe any one allopathic medicine useful in DUB with their dose, indication, contraindication, route of administration and complications.
196. Define Prostaglandine drug with its uses.
197. Write short note on Oxytocine with its dose, indication, contraindication, route & complication.
198. Write short note on Prostaglandine with its dose, indication, contraindication, route & complication.
199. Write short note on Progesterone with its dose, indication, contraindication, route & complication.
200. Describe role of electrolyte balance in obstetrics and gynecology.
201. Give dose, indication, contraindication, route & complication of Methargine
202. Give dose, indication, contraindication, route & complication of Isosuprinx
203. Give dose, indication, contraindication, route & complication of Ethamcylate.
204. Define any two allopathic drugs useful in pregnancy induced hypertension.
205. Define any two allopathic drugs useful in PPH.

POINT Record keeping, ethical and medicolegal issues in Prasutitantra & Streeorga

206. Importance of record keeping in *Prasutitantra & Streeorga*.
207. Write your opinion regarding medico legal issues in *Prasutitantra & Streeorga*.
208. Explain scope and necessity of record keeping for ethical and medico legal issues in *Streeroga* and *Prasootitantra*.

POINT DESIRABLE (non detailed)

Introduction of Laparoscopy, Hysteroscopy, Hysterosalpingography, USG, X-RAY, Colposcopy, Cervical biopsy. Garbhashaya Granthi & Arbuda nirharana samanya jhynam(Myomectomy), Hysterectomy.

209. Use of Laparoscopy in gynaecology.
210. Define HSG with its indications and procedure.
211. In which period of time HSG can be done? Describe its complications.
212. Explain importance of USG in diagnosis of pregnancy.
213. Describe Ovulation study with its interpretation.
214. Define myomectomy with its complications.
215. Write indications of cervical biopsy with its complications.
216. Explain the method of cervical biopsy.
217. List types of hysterectomy in detail.
218. Explain role of USG in obstetrics.
219. Write indications and complications of abdominal hysterectomy.
220. Write indications and complications of vaginal hysterectomy.
221. Write contraindications of abdominal as well as vaginal hysterectomy.
222. Role of X-ray as a diagnostic procedure in *Streeroga*.
223. Define colposcopy with its indications.
224. Define hysteroscopy with its indications.
225. Define cervical biopsy with its indications.

STREEROGA - PAPER 2:**PART - A: 05 MARKS QUESTIONS****POINT ARTAVA VYAPADA**

Sr. No. Question

1. Write *Ashtartavdushti Nidana*.
2. Describe *Asrigdara Samprapti*.
3. Describe *Asrigdara Chikitsa*.
4. Define *Asrigdara*.
5. List the types of *Asrigdara*.
6. Mention complications (*Upadrava*) of *Ashtartavdushti*.
7. Write *Doshik* involvement in *Granthibhut Artavadushti*.
8. Write *Doshik* involvement in *Kshina Artavadushti*.
9. Describe *Sannipataj Artavadushti*.
10. *Kshina Artavadushti Chikitsa*.
11. Describe *Artavakshaya Lakshanas*.

12. Describe *Artavavridhdhi Lakshanas* .
13. Define hypomenorrhoea.
14. Define oligomenorrhoea.
15. Give the difference between hypomenorrhoea & oligomenorrhoea.
16. What is abnormal uterine bleeding?
17. Mention types of Amenorrhoea.
18. What is cryptomenorrhoea?
19. Describe treatment of cryptomenorrhoea.
20. Name any two classical drugs which can be used in the treatment of "*Asrigdara*".
21. List of *Asadhya Artavadushti* as per Acharya Sushrut.
22. Write causative factors of DUB.
23. Define primary amenorrhoea.
24. Define dysmenorrhoea.
25. In which *Yonivyapada* dysmenorrhoea has been given as a symptom?

POINT VANDHYATVA, YONIKANDA, YONIARSHA, GRANTHI, ARBUDA

26. List the *Sannipatik Yonivyapada* according to Acharya Shusruta.
27. List the *Vataj Yonivyapada* according to Acharya Shusruta.
28. List the *Kaphaj Yonivyapada* according to Acharya Shusruta.
29. List the *Pittaj Yonivyapada* according to Acharya Shusruta.
30. List the *Pittaj Yonivyapada* according to Acharya Charaka.
31. List the *Vata Pittaj Yonivyapada* according to Acharya Charaka.
32. List the *Vata Kaphaj Yonivyapada* according to Acharya Charaka.
33. Write the *Samanya Nidanas* of *Yonivyapada*.
34. List the complications of *Yonivyapadas*.
35. List the *Yonivyapada* in which the *Kashtartava* is mentioned as a symptom.
36. List the *Bijadustijanya Yonivyapadas*.
37. Write the treatment of *Suchimukhi Yonivyapada*.
38. Write the symptoms of *Prakcharana Yonivyapada*.
39. Write the symptom of *Vipluta Yonivyapada*.
40. Write the symptoms of *Phalini Yonivyapada*.
41. Define Endometriosis.
42. Write the clinical features of acute Retroverted Uterus.
43. List the types of vaginal prolapse.
44. Write the Ayurvedic correlation of genital prolapse.
45. Give *Nidana* of *Udavritta Yonivyapada*.
46. Define *Vandhya Yonivyapada*.
47. What is *Paripluta Yonivyapada*?
48. Give symptoms and complication of *Rudhirkshara*.
49. Give symptoms of *Vamini Yonivyapada*.
50. Write modern correlation of *Prasansrini Yonivyapada* with its predisposing factor.
51. Define *Putraghni Yonivyapada*.

52. What is *Jataghni Yonivyapada*?
53. Explain *Samprapti* of *Putraghni Yonivyapada*.
54. Define *Atyananda Yonivyapada*.
55. Mention causative factors of *Karnini Yonivyapada*.
56. Give the classical symptoms of *Charanadvaya*.
57. Give the treatment of *Acharana Yonivyapada*.
58. Define *Prakcharana Yonivyapada*.
59. Give causative factors of *Aticharana Yonivyapada*.
60. Describe symptoms of *Shandi Yonivyapada*.
61. Give *Lakshanas* of *Shandi Yonivyapada*.
62. Define *Phalini Yonivyapada* with its possible modern correlation.
63. Give symptoms of *Mahati Yonivyapada*.
64. Give *Pathyapathya* for *Mahati Yonivyapada*.
65. Write *Pathyapathya* for *Acharana Yonivyapada*.
66. Write *Pathyapathya* for *Karnini Yonivyapada*.
67. Give *Nidana* of *Suchimukhi Yonivyapada*.
68. Give *Nidana* of *Upapluta Yonivyapada*.
69. Write treatment of *Upapluta Yonivyapada*.

POINT VANDHYATVA

70. Which Acharya has described six types of *Vandhyatwa*.
71. Give full form of PCOD and PCOS.
72. Give full form of HSG with its indication.
73. Give definition of infertility as per modern science.
74. Define *Kakavandhya*.
75. Define *Anapatya*.
76. List of *Vandhya* according to Acharya Charaka.
77. What is luteal phase defect?
78. Write causative factors of PCOD.
79. What is secondary infertility?
80. Write *Chikitsa Sidhdhanta* of *Vandhyata*.
81. Write possible modern correlation of *Granthi* in Streeroga.
82. Write possible modern correlation of *Arbuda* in Streeroga.
83. Write possible modern correlation of *Yoni Kanda*.
84. Write possible modern correlation of *Yoni Arsha*.
85. Write common treatment of *Granthi* in Streeroga.
86. Write classification of *Garbhashayagata Arbuda* as per modern science.
87. List investigations used to diagnose *Garbhashaya Arbuda*.
88. Write causative factors of *Granthi* & *Garbhashaya Arbuda*.
89. Explain risk factors of uterine fibroid.
90. Describe *Samprapti* of *Raktarbuda*.

91. Describe *Samprapti* with *Nidana* of *Mamsarbuda*.
92. Mention *Samprapti* of *Yonikanda*.
93. Give *Samprapti* of *Yoni Arsha*.
94. What is STD?
95. Mention the treatment of cervical erosion.
96. How to prevent STD?
97. How to prevent HIV /AIDS?
98. How to know ovulation time?
99. Write normal ovulation study report.
100. Importance of endometrium thickness in fertility.
101. What is BBT?

POINT MENOPAUSE

102. Give definition of menopause as per WHO.
103. Explain diagnosis of menopause.
104. What is artificial menopause?
105. What is premature menopause?
106. Define delayed menopause?
107. Define *Rajonivritti* as per classics.
108. Write physical changes during menopause.
109. Write psychological changes during menopause.
110. Give age of *Rajonivritti* as per classics and modern science.
111. What are the complications of surgical menopause?

POINT DESIRABLE TOPICS (NON DETAIL)

112. Write treatment of imperforate hymen.
113. Write complications of septum defect of uterus.
114. Describe *Shukrakshaya Lakshana*.
115. Write *Shukradushti Chikitsa* as per classics.
116. Note average normal range of semen count and motility according to WHO.
117. Define oligospermia.
118. Define oligozoospermia.
119. Define azoospermia.
120. What is CIN?
121. What is CIN I?
122. What is CIN II?
123. What is CIN III?
124. What is the carcinoma in situ?
125. Write causative factors of congenital malformation of female genital tract.

PAPER 2- PART B**POINT STANA ROGA**

126. Mention types of *Stana Vidradhi*.
127. Define breast abscess.
128. What is mastitis?
129. What is *Stanakilaka*?
130. Describe *Nidana* of *Stanaroga*.
131. Define causative factors of *Stanagranthi*.
132. Define galactoceles.
133. How to diagnose *Stanavidradhi*?
134. Give possible modern correlation of *Stanavidradhi*.
135. List types of *Stanaroga* as per Acharya Sushrut.
136. List types of *Stanavidradhi* as per Acharya Sushrut.
137. In which Samhita *Stanakilaka* has been mentioned?
138. Describe clinical presentation of *Stanakilaka*.
139. Write *Pathyapathya* for *Stanavidradhi*.

POINT STHANIKA CHIKITSA

140. When *Uttarabasti* can be given?
141. Write indications of *Uttarabasti*.
142. Describe contraindications of *Uttarabasti*.
143. List the instruments used in *Uttarabasti*.
144. Describe indications of *Yoniprakshalana*.
145. Describe indications of *Yonipichu*.
146. Describe indications of *Agnikarma* in *Streeroga*.
147. Write indications of *Ksharakarma* in *Streeroga*.
148. Describe contraindications of *Agnikarma*.
149. Describe contraindications of *Ksharakarma*.
150. Describe indications of *Yonidhupana*.
151. Describe complications of *Uttarabasti*.
152. Describe complications of *Agnikarma*.
153. Give *Samyaka Lakshana* of *Uttarabasti*.
154. Give indications of *Yonilepana*.
155. Write method of *Yonilepana*.
156. Mention the drugs can be used in *Yonilepana*.
157. List any two classical drugs which can be used for *Uttarabasti*.
158. List any two classical drugs which can be used for *Yonipichu*.
159. List any two classical drugs which can be used for *Yoniprakshalana*.
160. List any four *Sthanika Chikitsa* which can be done in *Streeroga*.

POINT SHASHTRA KARMA

161. Write the ideal time of endometrial biopsy.
162. Write the ideal time for PAP smear.
163. List the instruments which are used in D&C.
164. List the instruments which are used in D&E.
165. List the instruments which are used in EB.
166. Write complications of cervical cauterization.
167. Write complications of D&C.
168. Write indications of cervical cauterization.
169. Write indications of D&C.
170. Define the H.S.G. and list the complications for the same.
171. Define the EB and write the proper time for the same.
172. Mention indications and proper time of EB.
173. Describe complications of HSG.
174. Write uses of Sim's Speculum.
175. Write uses of Cusco's Speculum.
176. Write uses of Uterine Sound.
177. Write uses of cervical dilators.
178. Write uses of EB curette.
179. Write uses of Ovum forceps.
180. Write uses of Obstetric forceps.
181. Write uses of Hodge Pessary.
182. Write uses of Ring Pessary.
183. Write uses of Artery forceps.
184. Write uses of Allis forceps.
185. Write uses of Vulsellum forceps.
186. Write uses of Uterine curetter.

POINT Streeroga Sambandhita Pramukha Aushadhi:

187. Write *Matra, Kala and Anupana* of *Dashamoola Kwatha*.
188. Write *Matra, Kala and Anupana* of *Devadarvyadi Kwatha*.
189. Write *Matra, Kala and Anupana* of *Panchavalkala Kwatha*.
190. Write Main ingredients & indication of *Garbhapala Rasa*.
191. Write indication and dose of *Shonitargala Rasa*.
192. Write Main ingredients & indication of *Phalaghrita*.
193. Write *Matra & Anupana* of *Rajapravartinivati*.
194. Write *Matra & Anupana* of *Kanyalohadivati*.
195. Write the ingredients of *Panchavalkalkwatha*.
196. Write indication, dose and *Anupana* of *Phalaghrita*.
197. Write Main ingredients & indication of *Mushakadi Taila*.
198. Write Main ingredients & indication of *Phalaghrita*.

199. Write Main ingredients & indication of *Jatyadi Taila*.
200. Write Main ingredients & indication of *Bala Taila*.
201. Write indication and dose of *Kumaryasava*.
202. Write indication and dose of *Ashokarishta*.
203. Write indication, dose and *Anupana* of *Dashamoolarishta*.

POINT Garbhanirodhaka Upaya:

Parivar Niyojana, Reproductive and Child Health Care (RCH), AIDS/HIV control Programme, PNDT Act, MTP Act, and importance of current National Programme

204. Define Mother and child welfare programme.
205. Introduce 'National Safe Motherhood Day'.
206. Mention when the implementation of family planning has been done in India.
207. Write importance of PNDT Act.
208. What is IUI?
209. Write the chemical methods of family planning.
210. Write indications of loop.
211. What is IVF?
212. Mode of action of female condom.
213. Give implementation time of PC-PNDT Act.
214. What safe period regarding contraception?
215. List any four contraceptive method.
216. Write complications of IUCD.
217. List temporary contraceptive methods.
218. List permanent contraception methods.

POINT Knowledge of important commonly used Ayurvedic and essential Allopathic drugs used in Prasuti Tantra and Stree Roga.

219. Write indication and contraindication of Oxytocine.
220. Write dose and route of administration of Oxytocine.
221. Write complications of Oxytocine and Methargine.
222. Write indication and contraindication of Methargine.
223. Write dose and route of administration of Methargine.
224. Write indication and contraindication of prostaglandine.
225. Write dose and route of administration of prostaglandine.
226. Write complications of prostaglandine.
227. Write indication of Mithyle dopa.
228. Write dose and route of administration of Mithyle dopa.
229. Write indication and contraindication of Nifedipine.

230. Write dose and route of administration of Nifedipine.
231. Write indication and contraindication of Frucemide.
232. Write dose and route of administration of Frucemide.
233. Write complication of Frucemide.
234. Write indication and contraindication of Isosuprox..
235. Write dose and route of administration of Isosuprox.
236. Write complication of Isosuprox.
237. Write indication and contraindication of Trenexamic acid.
238. Write dose and route of administration of Trenexamic acid.
239. Write complication of Trenexamic acid and Cabergolin.
240. What is Anti-D?
241. Write dose and indication of Anti-D.
242. Write indication and contraindication of Cabergolin.
243. Write dose and route of administration of Cabergolin.
244. Write complication of Drotaverine and Epidosine.
245. Write indication and contraindication of Drotaverine.
246. Write dose and route of administration of Drotaverine.
247. Write indication and contraindication of Epidosine.
248. Write dose and route of administration of Epidosine.
249. Write complication of Xylocane.
250. Write dose and route of administration of Xylocane.
251. Write indication and contraindication of Ethamcylate.
252. Write dose and route of administration of Ethamcylate.
253. Write complication of Ethamcylate.
254. Write indication and contraindication of Progesterone drug.
255. Write complication of Progesterone drug.
256. List the IV fluid for electrolyte balance.

POINT Record keeping, ethical and medicolegal issues in Prasutitantra & Streeorga

257. Explain importance of record keeping in *Streeorga*.
258. Explain importance of record keeping in *Prasutitantra*.

POINT DESIRABLE (non detailed)

Introduction of Laparoscopy, Hysteroscopy, Hysterosalpingography, USG, X-RAY, Colposcopy, Cervical biopsy. Garbhashaya Granthi & Arbuda nirharana samanya jhynam(Myomectomy), Hysterectomy.

259. Mention indications of laparoscopy in gynaecology.
260. Explain investigative importance of hysteroscopy .

261. Describe indications of hysteroscopy as a investigative examination in gynaecology.
262. Write indications of hysteroscopy.
263. Write timing of HSG procedure.
264. Write indications and contraindications of HSG.
265. Describe importance of USG as a diagnostic tool in gynaecology.
266. Explain some gynaecological conditions where X-Ray is needed as a diagnostic examination.
267. Describe diagnostic importance of X-Ray in gynaecology.
268. Write indications of myomectomy.
269. Write contraindications of myomectomy.
270. Write indications of hysterectomy.
271. Write contraindications of hysterectomy.
272. Write types of hysterectomy.
273. Explain interpretation of HSG report.
274. Write timing for ovulation study.
275. Explain interpretation of ovulation study report.
276. Define colposcopy.
