

FINAL EXAM
DECEMBER 2015

NATIONAL BOARD OF EXAMINATIONS

OPHTHALMOLOGY

PAPER – II

OPH/D/15/26/II

Time : 3 hours

Max. Marks : 100

IMPORTANT INSTRUCTIONS

- *This question paper consists of 10 questions divided into Part 'A' and Part 'B', each part containing 5 questions.*
- *Answers to questions of Part 'A' and Part 'B' are to be strictly attempted in separate answer sheet(s) and the main + supplementary answer sheet(s) used for each part must be tagged separately.*
- *Answers to questions of Part 'A' attempted in answer sheet(s) of Part 'B' or vice versa shall not be evaluated.*
- *Answer sheet(s) of Part 'A' and Part 'B' are not to be tagged together.*
- *Part 'A' and Part 'B' should be mentioned only on the covering page of the respective answer sheet(s).*
- *Attempt all questions in order.*
- *Each question carries 10 marks.*
- *Read the question carefully and answer to the point neatly and legibly.*
- *Do not leave any blank pages between two answers.*
- *Indicate the question number correctly for the answer in the margin space.*
- *Answer all the parts of a single question together.*
- *Start the answer to a question on a fresh page or leave adequate space between two answers.*
- *Draw table/diagrams/flowcharts wherever appropriate.*

PART A**Write short notes on:**

1. a) Pathology of choroidal melanoma. 5+5
b) What are its adverse prognostic factors?
2. What are the various vascular retinal tumors? Briefly discuss 2+(4+4)
presentation, diagnosis and management of any 2 of them.
3. A 25 year old woman presents with inability to correct her 2+3+5
vision completely with glasses. Her keratometric values are 48D@ 95°/52D@185°(OD), 50D@65°/55D@ 155°. What is your plausible diagnosis and discuss important steps in further confirming your diagnosis and factors influencing her management?
4. What are the ocular manifestations of Herpes Zoster (2+2)+3+3
Ophthalmicus in acute and chronic state? How do you manage them? What is the management of post-herpetic neuralgia?
5. a) Ocular manifestations of dengue fever. 5+5
b) How will you monitor and manage a case of dengue fever from ophthalmic standpoint?
