

out of all pharyngeal muscles,

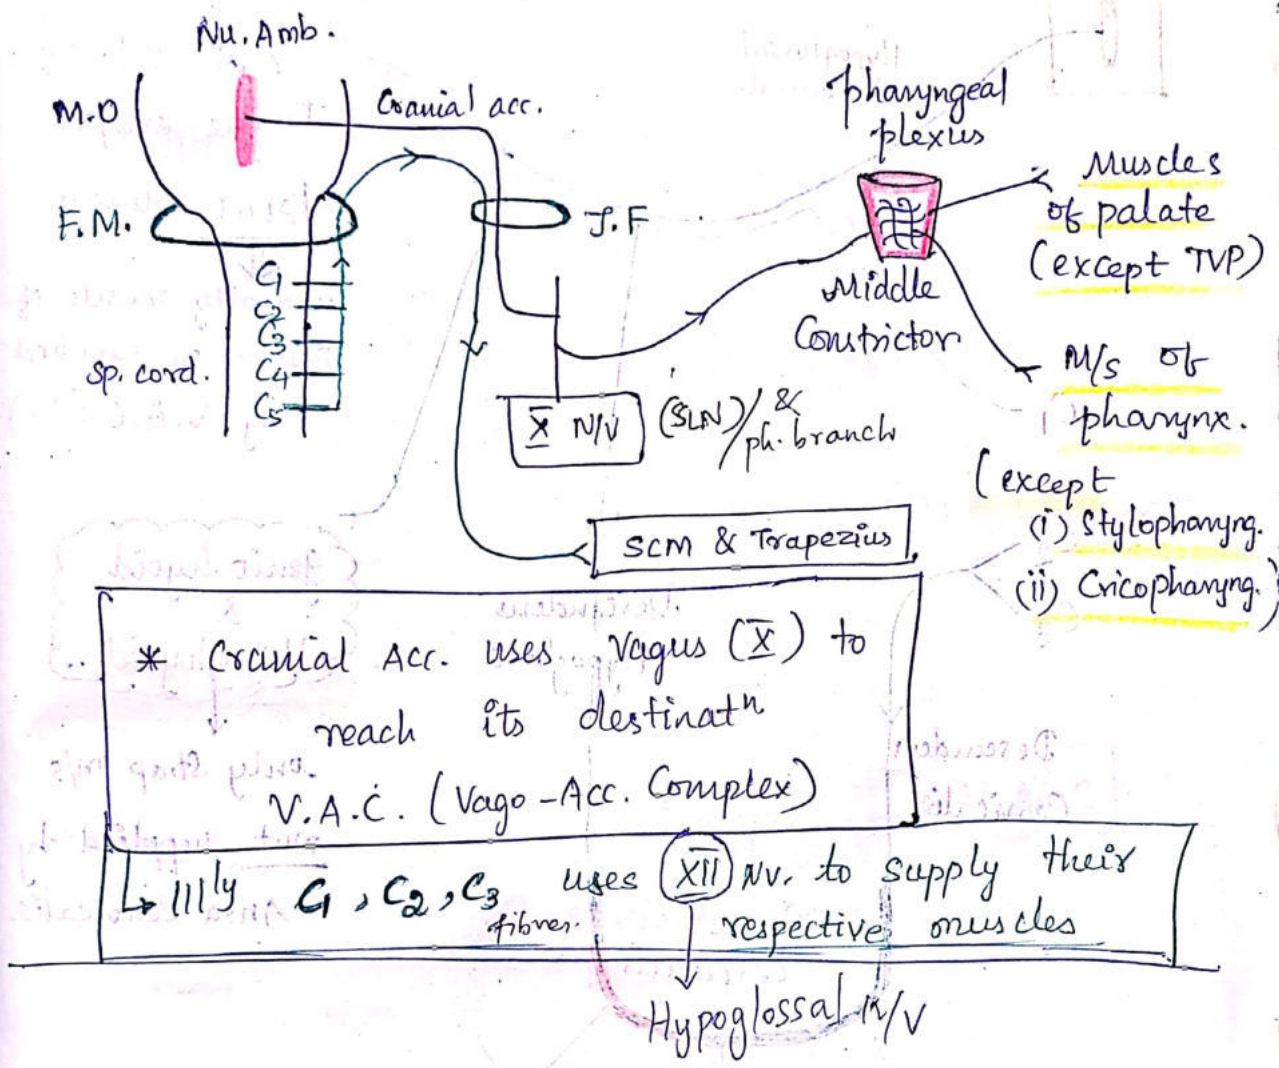

* Stylopharyngeus supplied by IX.

* Cricopharyngeus " " RLN (X).

Remaining supplied by pharyn. plexus / V.A.C.

(Vago acc. Compl. cranial acc. Nv. (XI)).

Spinal Acc.

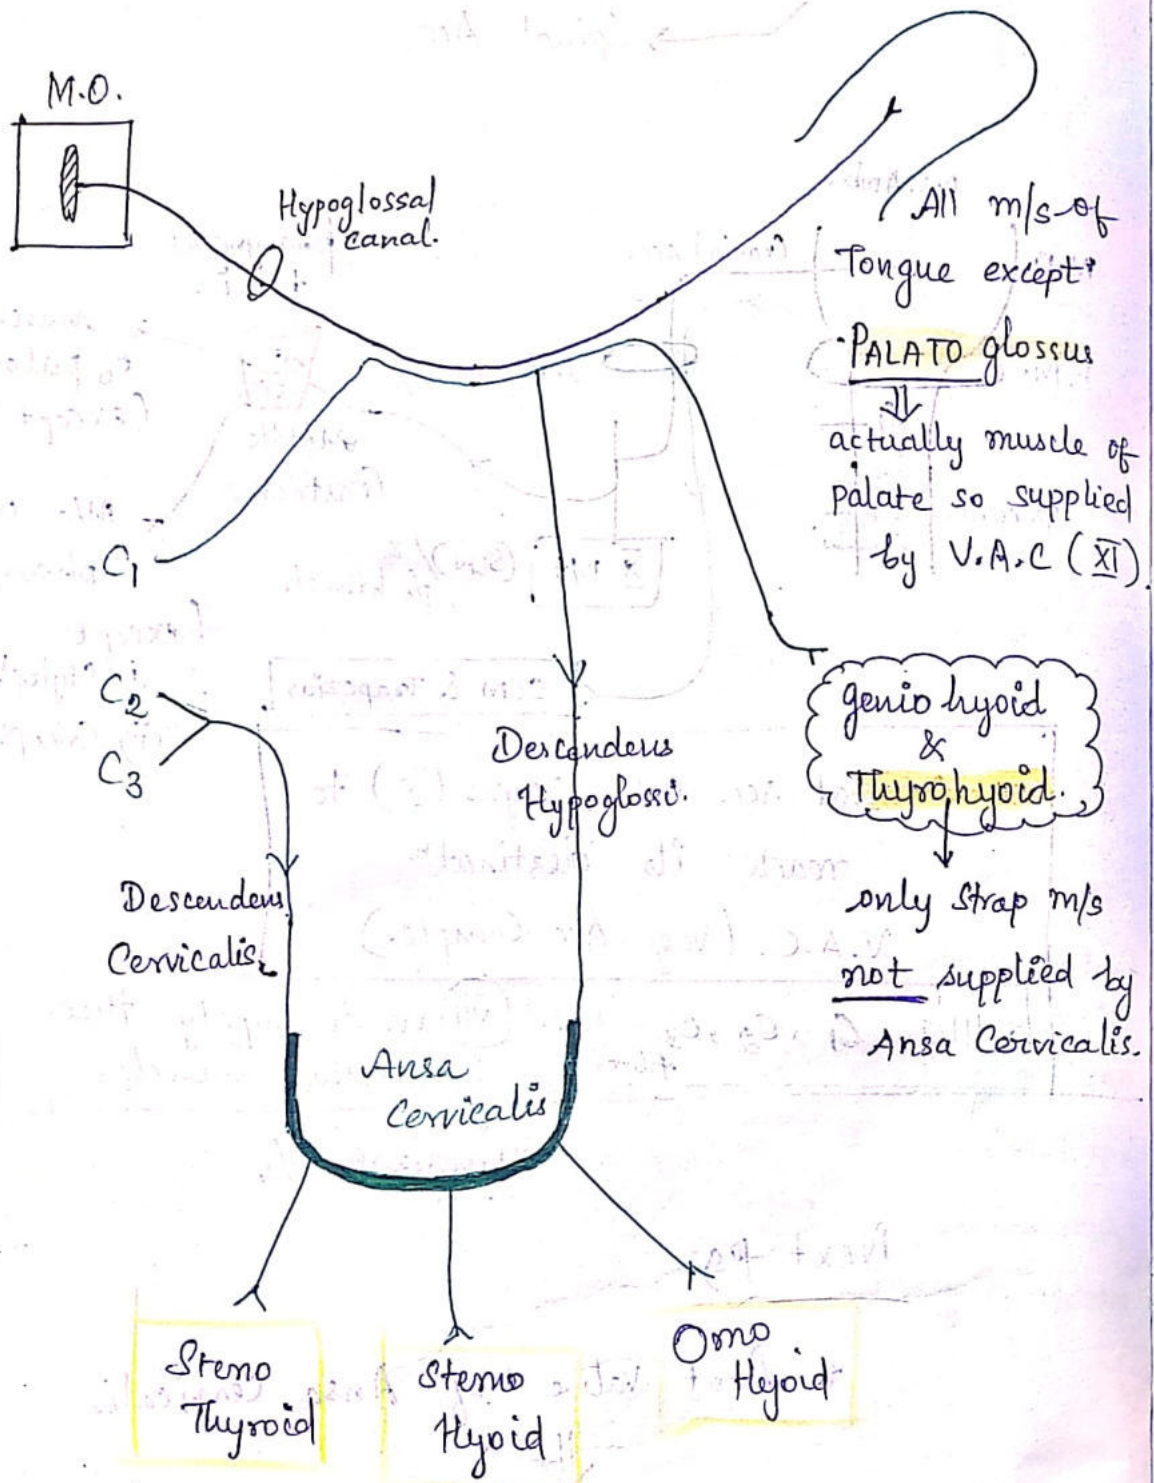

Next pg:

* Root value of Ansa Cervicalis

C1, C2, C3.

pharyngeal plexus / V.A.C (Vago-Acc. Complex)	Ansa cervicalis
X n/v is used by cr. X n/v to reach resp. m/s	XII n/v is used by C1, C2, C3 to supply the resp. m/s.

midline strap muscles are the muscles
BELOW HYOID bone

1) All Tongue m/s. → XII except palato glossus
↑
V.A.C

2) All muscles of palate →
V.A.C

except T.V.P ← V₃

3) All muscles of larynx. → RLN except

Cricothyroid ← ELN

4) All muscles of pharynx. → V.A.C

except → Stylopharyngeus ← IX

→ Cricopharyngeus ← RLN.
