## JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY HYDERABAD B.Tech III Year II Semester Examinations, May - 2016

**ENVIRONMENTAL STUDIES** 

(Electrical and Electronics Engineering)
Time: 3 hours

Max. Marks: 75

|  | a. Marks: 75                    |   |
|--|---------------------------------|---|
| Note: This question paper contains two parts A and B.  Part A is compulsory which carries 25 marks. Answer all questions in Part Consists of 5 Units. Answer any one full question from each unit. Each question marks and may have a, b, c as sub questions.  | art A. Part B estion carries    | X X X X X X X X X X X X X X X X X X X   |
| PART - A   | (25 Marks)                      |   |
| <ul> <li>1.a) What is carrying capacity and write about scope of ecosystem?</li> <li>b) What is Bioaccumulation and write its effects on living organisms?</li> <li>c) Classify the minerals based on properties and uses.</li> <li>d) Write about the characteristics of water.</li> <li>e) What is the difference between national park and reserve forest?</li> </ul>   | [2]<br>[3]<br>[2]<br>[3]<br>[2] | K9                                      |
| <ul> <li>what is the difference between national park and reserve forest?</li> <li>List out at least 3 endemic and 3 endangered species of India.</li> <li>Write about the concept of Bioremediation.</li> <li>Differentiate deforestation and desertification.</li> <li>Write a note on Environmental ethics.</li> <li>Describe the concept of Green Building.</li> </ul> | [2]<br>[3]<br>[3]<br>[2]<br>[3] | K9                                      |
| PART-B   | (50 Marks)                      | # # # # # # # # # # # # # # # # # # #   |
| 2. Explain Energy flow models with neat sketch.  OR  | [10]                            |   |
| 3. Describe biomagnification and ecosystem value.  | [10]                            |   |
| 4. What are the uses of forests and explain the causes and consequences of de  | forestation?                    | * X * X * X * X * X * X * X * X * X * X |
| OR   |                                 |   |
| 5. Explain at least 5 renewable resources along with their advantages and disa   | advantages.<br>[10]             |   |
| 6. Write about National Biodiversity act and explain the uses of biodiversity.  OR   | ::[10]                          | ***                                     |
| 7. Write about threats of Biodiversity and explain the conservation Biodiversity   | methods of [10]                 |   |
| 8. Write the types, collection, segregation and disposal methods of solid wast  9. Write about ozone depletion and explain the complete process management.  | * * * *                         | K9                                      |
| 10.a) Explain Water act and Forest acts.  b) Write about hazardous waste management.  OR  11.a) Explain the concept of EMP.  |                                 |   |
| b) Describe the Biomedical waste handling rulesooOoo   | [5+5]                           |   |
