There is another question related to Venn diagram...it is same as first one....sorry I can't remember In a certain language * represents 0 and \$ represents 1.

Answer the following questions

5) $389 + 91(\$ \$ \$ \$ ***)$

6) Lcm of $(\$ \$ \$ *, \$ \$ \$ **, \$ \$ \$ \$)$ (420)

7) Average of (10, 20, 21) (\$***\$)

8) 420 (\$*\$***\$**)

9) $9+7-3*6+4-12/6(*)$

A is the son of B $A+B$

A is the father of B $A-B$

A is the brother of B $A*B$

10) $P*Q-R$

a) P is the Uncle of R like this 4 options ll b given. U should choose d correct one

11) $P*Q+R$

12) $P+Q-R$

A cube is cut into 216 parts. the 2nd 4th n 6th layers of the front face r removed n den painted black. Now answer d following questions

13) How many cubes r painted on only one side?

14) How many cubes r painted on only 2 sides?

15) How many cubes r painted on only 3 sides?

16) How many cubes r painted on only 4 sides?

17) How many cubes r painted 0 sides?

Data sufficiency questions

C) Only condition 1 is required to solve

D) Only condition 2 is required to solve

e) Both are required

f) Both are not sufficient

18) Find whether X is odd

1) $2*X$ is even

$2x^2$ is odd

A) C B) d C) e D) f

19) How many seconds does a minute hand takes to rotate 360 degrees

1) Minute hand revolves round the clock 5 times in a minute

2) Minute hand is 5 times greater than short hand some other questions similar to d above

20) There are 4 cities A,B,C,D. There are 4 Routes 4m A 2 B,3 routes 4m B 2 C, and 2 routes 4m C 2 D. Then in how many different ways can A go 2 D

A) 12 B) 24 C) 32 D) 48

Attention Section

Choose the correct option based on the following statement

1).If Tendulkar plays till end India will win the match

a) Tendulkar plays till end

b) India wins the match

c) Tendulkar falls cheaply

d) India loses the match

A)ab B)ab n cd C)b D)d

2).If X travels without a ticket he will be fined 50 bucks

a) X buys the ticket

b) X was not fined

c) X doesn't buy a ticket

d)x was fined

A)ab B)cd C)ab n cd D)none

Some questions like

1) All A's are B's

2) All B's are C's

Then choose the correct option based on the above statements

1) All tables are chairs

2) Some tables are desks

1) No mammals are animals

2) Some animal's are goats

Find the odd figure out

8 people A,B,C,D,E,F,G and H, lives in 4 storied building which contains 2 flats each. Flats number 7 and 8 belongs to 4th floor from left to right. Flats 3 and 4 are the second floor from the bottom and are numbered right to left. So are 5 and 6 which lies on second floor from top. 1 and 2 are the first floors numbered left to right. A and E stays on the second floor from the bottom. F lies one floor above B, which is one floor above C.

Three questions were asked based on the given problem.
