Imagine that you are going to start up a chemical manufacturing plant with a capital outlay of 5 crores and about 200 employees working at different levels. The company proposes to specialize in manufacturing chemicals mainly used in manufacture of dyes and paints. The simple organizational structure would be as follows.

General manager

↓
Functional head

↓
Chemical engineers

↓
Supervisors → Office support staff

↓
Daily labour

Question:

(i) Chart out a human resource plan for the above organization.
