PRIMARY SCHOOL

Primary education today is adopting new teaching-learning methods with emphasis on environment, ecology, information technology, and project work. This has also to be reflected in new designs for primary school buildings. A progressive Educational Society with a vision for the future wants to construct a new Primary School on the outskirts of your city.

Keeping the above mentioned concepts in mind propose a school design for the Society. The site measures 100m x 75m and is along a 10 m wide road with north pointing upwards. The requirements of the school are as follows:

1. Entrance porch / Reception / Waiting area	30 sq.m
2. Principal's room with attached toilet	18 sq.m
3. Staff/Teacher's room with kitchenette & toilet	20 sq.m
4. Administrative Office	15 sq.m
5. Class rooms	
a) Kindergarten section 6 Nos.	30 sq.m each
b) Primary section 10 Nos.	36 sq.m each
6. Toilets for children	As required

7	General Store	20 sq.m
