- 1 Common types of traction
- 2 Health education on Prevention of Diabetic foot
- 3 Preparation of patient on the day of surgery
- 4 Care of patient with ascites
- 5 Colostomy care
- 6 Care of patient with Deep Vein Thrombosis
- 7 Management of Hyperkalemia
- 8 Tuberculin skin testing
- 9 Status asthmaticus
- 10 Pathophysiology of cirrhosis of liver
- 11 Prevention of diabetic foot
- 12 Health education on prevention of recurrence of renal stones
- 13 Hernias
- 14 Food poisoning
- 15 Benign hyperplasia of prostate
- 16 Principles of intensive care unit
- 17 Care before, during and after anaesthesia
- 18 Inflammatory process
- 19 Patients reaction to cancer
- 20 Explain the principles of surgical asepsis
- 21 Stages of wound healing
- 22 Cardinal signs of Lung cancer
- 23 Management of Nephrotic syndrome
- 24 Complications of peptic ulcer
- 25 Approaches for Prostatic surgery
- 26 Prevention of diabetic foot
- 27 Nursing responsibilities in Blood transfusion
- 28 Raynaud's disease
- 29 Purpura
- 30 Chemotherapy
- 31 Pancreatitis
- 32 Fracture and its management
- 33 Hernia
- 34 Types of cancer
- 35 Pathophysiology of atherosclerosis
- 36 Intestinal obstruction
- 37 Health education for a patient with renal failure
- 38 Treatment for cancer
- 39 Barium enema
- 40 Sublingual nitroglycerin
- 41 Causes of constipation

- 42 Intravenous pyelogram
- 43 Rheumatic Heart Disease
- 44 General principles of dialysis
- 45 Types of diabetes Mellitus
- 46 Benign Prostatic hyperplasia
- 47 Jaundice
- 48 Septic Shock
- 49 Varicocele
- 50 Euthyroid
- 51 Purpura
- 52 Pleural aspiration
- 53 Arthroplasty
- 54 Eczema
- 55 Postural hypotension
- 56 Undescended testis
- 57 Cellulitis
- 58 Vagotomy
- 59 Cushing's syndrome
- 60 Phantom limb sensation
- 61 Phlebotomy
- 62 Types of Angina
- 63 Chorea
- 64 Edema
- 65 Cardiopulmonary Resuscitation
- 66 Nebulization
- 67 Psoriasis
- 68 Hepatitis A-E
- 69 Principles of haemodialysis
- 70 Addison's disease
- 71 Primary hypertension
- 72 Diabetic retinopathy
- 73 Pemphigus vulgaris
- 74 Endoscopy
- 75 Nephrotic syndrome
- 76 Diffusion
- 77 Preoperative nursing
- 78 Types of anaesthesia
